Khaled

I do most of my shopping on the Internet. You can get almost anything, and you don't have to leave your house. It's very convenient. One downside is that you have to wait a few days before you can get the thing you've bought. Sometimes you have to wait even longer. But I definitely prefer shopping this way. I think other kinds of shopping are really tiring.

Hala

In my opinion, this is the best way to shop. You can touch the items before you buy them, and the best thing is that you can usually get a good deal by talking to the salesperson. It's a little old-fashioned to shop this way. Also, it can take a long time to find what you want, and get the best price. Some people are too busy for this kind of shopping. It doesn't suit their lifestyle. But for me, it's perfect.

Ahmad

Shopping like this is like having a fun day out. It's not just about going to buy something that you need and then going home again. You can spend the whole day here. I like spending time with my friends, and looking in all the different shops. Another bonus is that it's not just shops. We can go to a café, or watch a film at the cinema. There are so many different things to do. My brother hates this kind of shopping. For him, looking in shops is really boring.

Deema

This is where I do most of my shopping. Of course, you can get all the food and drink that you need here, but there are also lots of other things that you can buy. I come here to buy DVDs, books, magazines – even clothes! One thing that's not so good is that they don't have a wide selection of things like DVDs, but I usually find something I like. It's convenient for me to do most of my shopping in one go, and that's the most important thing.

Track 35

Khaled: Hi Ahmad, where are you going?

Ahmad: I need to buy some clothes, so I'm going to the new mall in the town centre.

Khaled: Why don't you get them online?

Ahmad: Online? No way.

Khaled: That's what I do. The advantage is that you can sometimes get things much cheaper.

Ahmad: No way. The problem with shopping online for clothes is that you can't try them on before you buy. Anyway, I prefer shopping at the mall.

Khaled: I don't like going to the mall.

Ahmad: Why not?

Khaled: There are too many downsides for me. There are always so many people at the mall. It's too busy. And it takes too long to find what you are looking for. It's really tiring.

Ahmad: I think that the best thing about shopping at the mall is that you can take your time. I enjoy looking in all the shops. I often buy things I wasn't looking for. It's fun. Are you sure you don't want to come with me?

Khaled: I'm sure. I have to do some work, anyway. Have fun!
