### Hassan and his Friends: Their Future Plans

Ali and Fahad are my best friends. Each of us likes different things. I love reading and writing about the past. English classes are fun, but my favourite subject is History. In the future, I am going to be a teacher. All loves buildings and enjoys studying Maths. He sometimes takes extra classes on Saturdays because he is going to be an architect in the future.

Fahad loves technology and computer classes. He always has his tablet and smartphone with him. He is going to be an app designer in the future. We are going to have different jobs, but we will always be friends.
