- 1- Robots can go to places where it easy for people to go. ( F )
- 2- Robots hold very small tools on their hands. ( T )
- 3- Robots can help doctors and women at homes. ( T )

## Robobees

Scientists have invented tiny flying robots called "robobees".

Scientists hope that, in the future, robobees will be able to do many things. Just like real bees, robobees will carry pollen (yellow powder) from flower to flower on farms. The flowers need the pollen so that fruit and vegetables can grow. Robobees will also fly through tiny holes in dangerous places, taking photographs for scientists. And they will help find people who are trapped in fallen buildings.

### 1. The text talks about:

- a. The buildings
- b. The flowers
- c. **A robot**
