Title

Match the texts to the **titles**. Write the title letter that matches the text in the box. Each title can only be used once.

Elephants are the largest land animals. They have big ears and long trunks. Elephants live in forests and savannas.

Birds can fly because they have wings. They also have feathers, and most of them lay eggs. Birds can be found all over the world.

Some animals, like rabbits and squirrels, are very small. They are often quick and can hide easily from predators.

Tigers are strong hunters. They have orange fur with black stripes and can run very fast when chasing prey.

A dolphin is a mammal that lives in the ocean. Dolphins are friendly and often play with each other in the water.

A. Animals in the Ocean.

B. The Largest Animals.

C. Birds and Their Features.

D. Small Animals.

E. Strong and Fast Animals.

Select word
bank

Read the text. Complete the sentences by Choosing the correct words from the text bank. There are two words you do not need. There is one example.

Text: Animals in the Wild

Animals can live in many different places, such as forests, oceans, and deserts. Some animals, like lions and tigers, live in the wild and hunt for their food. Other animals, like cows and chickens, live on farms and are cared for by humans. Some animals, such as dolphins and whales, live in the ocean and are great swimmers. Animals can be small, like ants, or large, like elephants. Some animals, like birds, can fly, while others, like elephants, cannot.

land	large	swimming	farm
fly	small	great	ocean

1. Some animals, like lions and tigers, live in the _____.
2. Dolphins and whales are _____ swimmers.
3. Cows and chickens live on a _____.
4. Some animals are _____, like elephants.
5. Birds can _____, but elephants cannot.

PART 3
Section A:
Paragraph

Read the Texts and answer the following questions:

Text 1: The Cheetah

The cheetah is the fastest land animal, capable of reaching speeds of up to 60 miles per hour. Cheetahs use their long, slim bodies and powerful legs to sprint at these incredible speeds. They hunt in short bursts, often chasing smaller animals like gazelles. However, they can only maintain their speed for a short period before becoming tired. Cheetahs are solitary animals and prefer to hunt alone.

Text 2: The Elephant

Elephants are the largest land mammals, known for their large ears and long trunks. They live in herds led by the oldest female and are herbivores, feeding on plants, fruits, and leaves. Elephants are also known for their memory and intelligence. They are gentle giants but can be protective of their families. Elephants can walk long distances in search of food and water and communicate with each other using sounds and vibrations.

1. Which text talks about the fastest land animal?

- a. Text 1
- b. Text 2

2. Which animal is known for its long trunk?

- a. Cheetah
- b. Elephant

3. What is the order of speed for these animals?

- a. First: Elephant, Second: Cheetah
- b. First: Cheetah, Second: Elephant
- c. First: Elephant, Second: Zebra, Third: Cheetah

4. In a race between a cheetah and an elephant, who would likely finish first?

- a. Cheetah
- b. Elephant
- c. Both would finish at the same time

5. What do elephants primarily eat?

- a. Meat
- b. Plants, fruits, and leaves
- c. Insects
