Activity 1

How has design made the TV better? Fill in the blank spaces in the table below to show how.

1950s TV	TV now
Small screen	Big screen
Not expensive	Expensive
Not nice to look at	Nice to look at
Uses less space	Uses more space
Heavy	Lightweight

small screen	lightweight	uses more space	not expensive	big screen
expensive	nice to look at	heavy	uses less space	not nice to look at

We are so used to the designs around us.

A chair was designed. So was a table. So were the curtains, lights, carpet, shelves, boxes, and our toys!

Activity 2

Look at the pictures. How did they change after design? Match the pictures.

Before

After

Activity 5

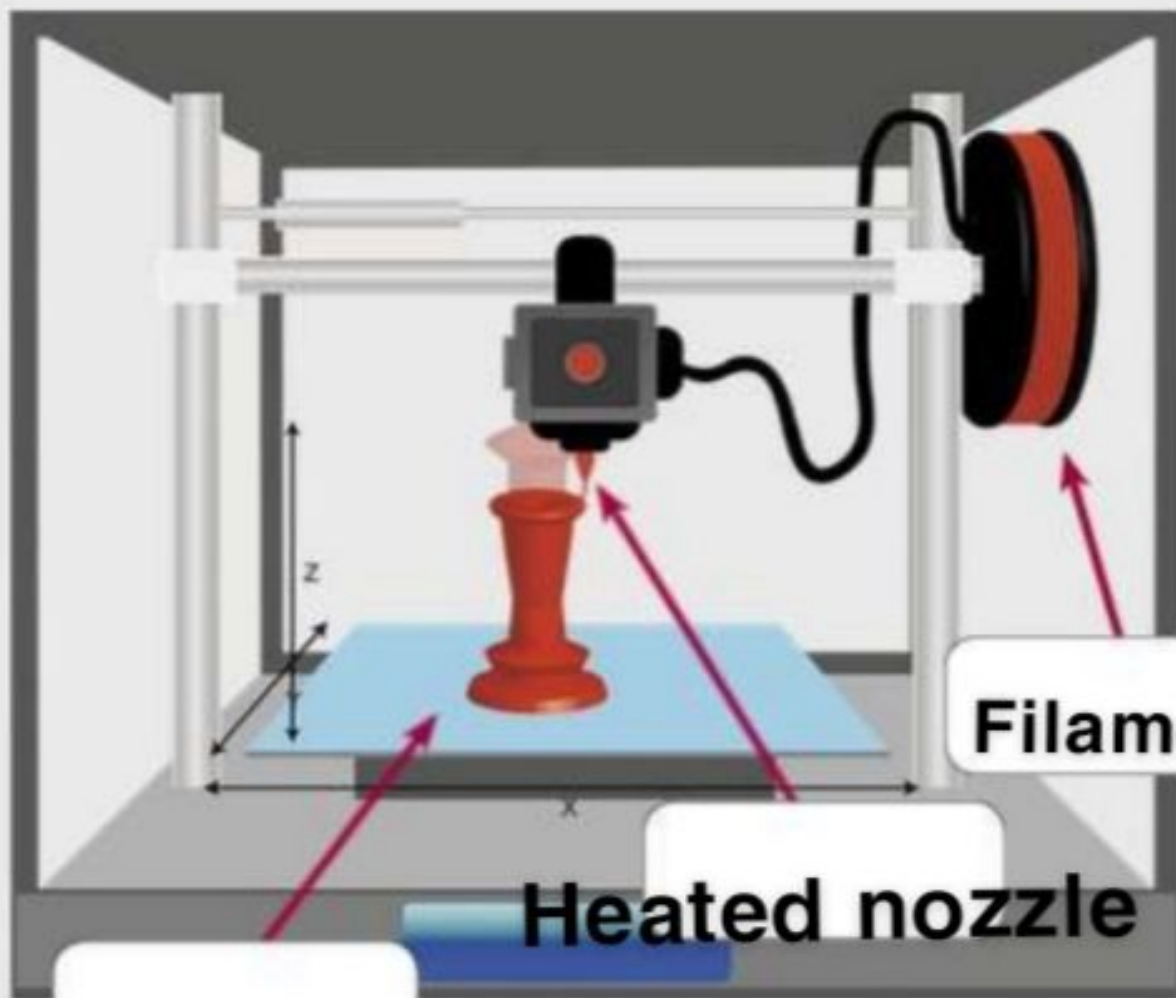

Look at the picture. Label the parts of the printer. Use the words below.

Activity 4

Fill in the blank spaces. Use the words below.

platform	FlashForge Finder	three-dimensional	nozzle	Makers Empire
----------	----------------------	-------------------	--------	------------------

Three

3D stands for three-dimensional

We will be using Makers empire to create our designs.

We will be using the Flash forge finder 3D printer to print our design.

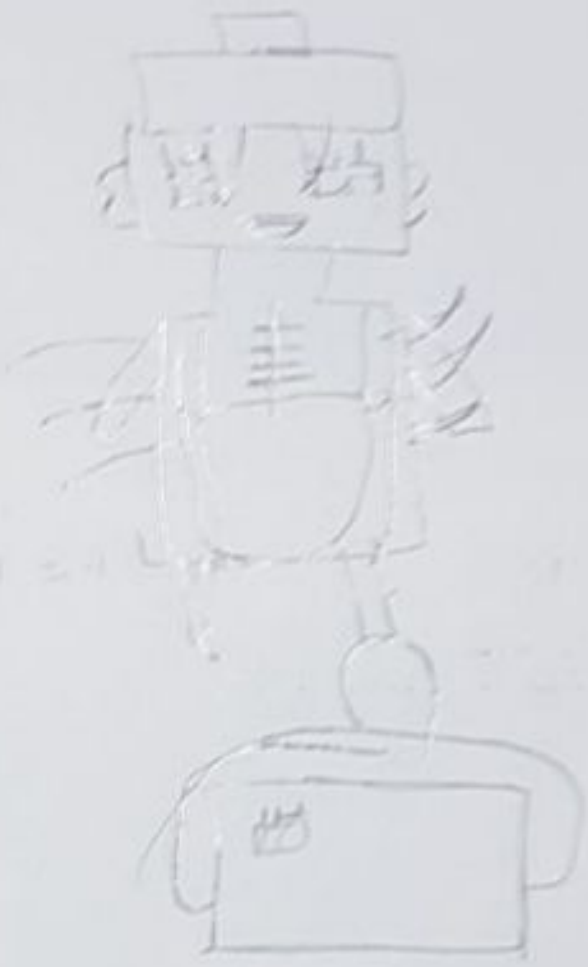

A plastic string called a filament is passed through the nozzle

The melted filament is laid on the Platform as a layer.
