Term 3: Writing Exam Training

Sample responses

Exam Structure:

Part 1: Opinion (3 marks)

Part 2: Plan (4 marks)

Part 3: Essay (20 marks)

Part 4: Inference (3 marks)

Part 1: Opinion (3 marks)

- Write 2-3 full sentences. -

Part 1: Opinion question

Write your answer below. Use full sentences.

What is your opinion about the environment, and why?

I think the environment is interesting because there are many places and things to see, like mountains, parks, trees and beaches.

We need to take care of the environment by using clean energy, recycling, and reusing.

Now write your *own* response:

Part 2: Plan (4 marks)

-Write notes: no need for sentences here! You can draw too! :)

Part 2: Plan

Write a plan for the essay prompt below. Please note – this question asks for a plan, not a full essay. You will write the essay in the next question.

Write about how to look after the environment.

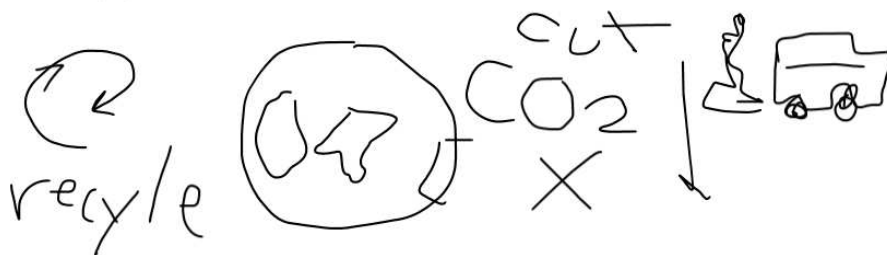

Include information about:

- What is environment?
- Human effect on the environment.
- What can people do help the environment?

Environment = all things around us

Humans bad effect on environment because of CO₂ – cars, smoke, litter. Earth getting hotter- not good for humans or animals.

People can reduce, reuse, recycle, drive less, share cars to go work, use less paper, eat less red meat.

Now write/draw *your* response:

A large, empty rounded rectangular box provided for the student to write or draw their response.

Part 3: Essay (20 marks)

-Write full sentences and use 40-50 words -

Part 3: Essay

Write your answer below. Use full sentences.

Write about how to look after the environment.

Include information about:

- What is environment?
- Human effect on the environment.
- What can people do help the environment?

I love the environment with all the plants, animals, beautiful things to see and do all around us. When we go outside, we step into the environment.

Humans have bad effects on the environment because of CO2 in the air from cars, factory smoke, burning fuels and throwing litter. Our earth is getting hotter, and this is not good for humans or animals. We all need to work together to save our planet.

People can reduce, reuse, recycle, drive less, share cars to go work, use less paper, eat less red meat, and think about many other small and large ways to help the environment we love.

Part 4: Inference (3 marks)

- Use the text; use full sentences -

Part 4: Inference

Read the story about Max and answer the questions after the text.

Saeed held Max up. He looked at his paw and said, "It's just a little cut. He will be better soon."

He gave Max a shot, bandaged his paw, and put his leash back on. Max jumped up to lick Ali's face and wagged his tail. Saeed handed a paper to Ali listing the medicines Max needs to take.

What is Saeed's job? How do you know? (2)

I think Saeed is an animal doctor or vet. I know this because he looked at the dog and checked him. Then he said: "He will be better soon." So he knows about animals in his job. He also gave Max an injection and bandaged his

Why is your answer the best answer? (1)

paw.

My answer is the best because we can see he checked the dog, said he would be better soon and helped Max.

Now write your response to a *different* text:

Part 4: Inference

Read the story and answer the questions after the text.

There are many different kinds of animals in the world. Some animals live in the water, like fish and dolphins. Other animals live on land, like lions and elephants. Some animals fly, like birds and bats. Animals come in all shapes and sizes, and they all have special features that help them survive in their environment. For example, fish have gills to breathe underwater, and birds have wings to fly.

Where do you think bears live? How do you know? (2)

Why is your answer the best? (1)
