The Hike

You mustn't do it alone. "The hiking path is small and the area is too dangerous," Grandfather said.

"I think it will be fun," said Saad.

Saad and Ali always wanted to go on the hike together, without their grandfather.

"This is one of the best views I have seen. It's even more beautiful than Wadi Shawka," said Ali to Saad. The area was very green because of the rain fall.

Ali didn't forget what their grandfather said, "If you go on your own, take enough water and food. It can be dangerous if you get lost or injured on the hike. Have a meeting point in case one of you gets lost. Look for signs and walk slowly back to where you came from if you think you're lost. Watch where you are going carefully. When it rains, you must follow the signs because the area can get filled up with water very quickly."

Ali knew they would be fine if they followed their grandfather's advice. However, his biggest fear was Saad going off on his own. He stopped thinking and looked to where Saad was supposed to be. He was not there.

Dubai Aquarium

I am bored. Are you free on Thursday? Let's meet at 7:00 PM and go to Dubai Aquarium. It is the largest aquarium in the world. It is 48 meters long and built over three floors in Dubai Mall. It is home to thousands of sea animals and has over 400 sharks and rays. You can also see penguins, sawfish, octopuses and many other animals. All the animals that live in the aquarium need water to live.

There are many things to see and do there. You can try feeding the fish. My favourite activity is playing with the penguins. If you like diving, you will enjoy swimming with the sharks there. An amazing activity which I tried and you should not miss is the glass-bottom boat ride. You can see all the sea life below you. The view from there is amazing. The animals look very big. I would tell everyone to visit this place at the weekend. It is a journey that you will never forget. How interesting to see an aquarium built in the mall!
