The festival is important to the people because they can \_\_\_\_.

1. learn to cook and eat together
2. come together before the new year
3. take part in some activities together

Every year, there is a new year party in Hassan's neighbourhood. Celebrating the new year is important to them, but most of Hassan's neighbours come mainly to make food and watch sports together. It is a lot of fun. Hassan likes going to all of the activities. His favourite activity is running in the race. Hassan's friend, Essa, won last year.

Hassan, Essa and their friend, Naif, lined up to start the race. When the race started, Hassan was running in front of a lot of runners. *I am doing really well.* Hassan said to himself. *I will win the race this year. I have to be faster than Essa!* Then, Essa caught up and passed Hassan.

Essa was winning the race, but he still had to cross the finish line. He started waving to the crowd, but then he tripped and ended up on the floor! Hassan, Naif and most of the other runners pushed passed him. Hassan looked back and saw that Essa didn't get up. He turned around and ran back to Essa. Hassan placed his arm around Essa and helped him up.

"Why are you helping me? You said you wanted to win," Essa asked Hassan.

"You are my friend, Essa," said Hassan. "That is more important than winning."

They finished the race together. Naif, their other friend, was the winner.

## The Festival

The festival has been happening for more than a hundred years. It's a very special day in Zenica, Bosnia. A large number of people come together every year from March 21st until the 12th of April for the festival. Most people like it because they get to spend time with people they are close to and love. Some family-owned businesses choose to close their shops. Their children like it because they get to see the funny family-friendly shows and play with other children.

The eating competition is popular, but there are lots of other activities to see. The games people like the most are the bag race and the egg hunt. The bag race is in the evening, while the egg hunt is in the morning. A lot of people come to see the bag race every year. People think that some runners will fall over when they are running together. Two people put one of their legs in a bag, and then they have to run together without stepping on any eggs on the ground. The area becomes dirty as many people end up on the ground. The crowd laughs when it happens. The first team to get to the finish line without breaking any eggs wins.

On most days, the festival starts at nine in the morning and ends in the evening. On the last day, however, it starts at the same time but goes until three in the morning. Most people take part in the songs that happen in the morning. Some continue singing and dancing long after most of the families have gone home. Sometimes, people are dancing until the sun comes up. Only when the sun comes up is the festival finally over.

### My Travel Blog

I noticed how important the country's cultural sites and activities are while visiting the UAE. I enjoyed exploring the traditional markets in Dubai and seeing the historical areas in Abu Dhabi. However, going to visit RAK's sand dunes was the part I liked most. Although there are only a few things to see there compared to the cities, it was more enjoyable because of the good chance of seeing desert animals. The weather wasn't as hot, so I watched an outdoor falconry display. I asked the falcon trainer about it.

"Using falcons to hunt dates back hundreds of years and is practised in quite a few countries internationally, especially those in the Middle East," he said. "It's an important part of the way of life and traditions of the UAE. There are only a few places here where you can see it taking place now. I often find myself worrying that this might stop people coming to see the falcons, which would be sad."

"Training starts when the birds are very young," he continued. "You need to hand feed them every day to get them used to you. Once they begin to fly, you must teach them how to hunt. Unless you've built a strong friendship with the birds, they'll run away instead of coming back to you. Training falcons is a full-time job which takes up all my free time. My wife complains that I'm always too busy training my birds, but I don't mind because I love doing it so much. You'd better not tell my wife that, though!"
