## Reading Comprehension

### Read the text and answer the following questions.

Hershey Milton was a young boy who grew up in poverty in a small town. Despite his difficult circumstances, he had a passion for chocolate-making and dreamed of one day owning his own candy factory. He worked hard and saved every penny he could until he finally had enough money to start his own business.

With determination and perseverance, Hershey built his chocolate empire from the ground up. He created new and innovative products that quickly became popular with consumers around the world. His company grew into one of the largest and most successful candy manufacturers in history.

Today, Hershey's name is synonymous with delicious chocolate treats that bring joy to millions of people every day. His story is an inspiration to anyone who dreams of achieving greatness through hard work and dedication.

---

Read the text and answer the following Questions

The UAE Space Agency launched its first-ever mission to Mars on July 19, 2020. The spacecraft, named Hope Probe, is designed to study the Martian atmosphere and climate. It will orbit the planet for one Martian year (687 Earth days) and collect data that will help scientists better understand the planet's weather patterns and climate changes. The mission is a significant milestone for the UAE as it aims to establish itself as a major player in the global space industry. The Hope Probe is also a symbol of hope and inspiration for the Arab world, demonstrating that anything is possible with determination and hard work.

Read the text and decide if these sentences are "True ", "False" Or not given

6-The UAE Space Agency launched its first mission to Mars on June 19 ,2020

10-The Spacecraft make the UAE as a leading player in space exploration

a) True                      b) False                      c) Not given

**Read the text and answer the following Question below**

Saving the environment is crucial for the survival of our planet. We need to take action now to prevent further damage to our natural resources and ecosystems. One way we can help is by reducing our carbon footprint. This can be achieved by using renewable energy sources, such as solar or wind power, and reducing our consumption of fossil fuels. We can also reduce waste by recycling and composting

and using reusable products instead of disposable ones. Planting trees and supporting conservation efforts are also important steps in preserving our environment. It's up to all of us to make a difference and protect the planet for future generations.

**Choose the correct answer from a, b or c**

**11- The text is mainly about**

- a } Recycling
- b } Renewable energy
- c } preserving our environment
