Education

What type of learners are you? What help you to study ?

My name isI am in grade 8 . I have 8 lessons every day . I have many **subjects** at school . I study English , Math , Arabic , Islamic ,Science , IT ,PE ,and Art. I am a **visual** learner I learn best by looking at the book .My brother is a **tactile** . He learns best by **touching, moving** and doing **experiments**. I am not auditory . I am not good listening to audios. I learn on my own so I am independent. Sometimes I need help from my parents or my teacher. I learn best when I **write note**. I always .study in my room to **concentrate** . I join in Robotic Club after school . This club helps me to design .

Name some problems in the class .

I can't **concentrate on** reading or writing when Some students make a **noise** in the class. Some students are **too shy** to speak in front of the class. Others **get into trouble for forgetting** the homework , so the teacher **tells them off**. some students **interrupt** he teacher when he **explains** the lesson . It is not **polite** .

Have you used online learning ?

I also use online learning like Khan Academy to help me in my education .there are a lot of videos for all my subjects . There are available exercises and activities to support me . This Academy if free for all ages and with many languages . I can work on my own pace without a teacher .

A visit to a historical place

I have visited Al Fahidi Fort Museum in Dubai. I went on a school trip to this museum last month. We arrived at 10:00 AM. We've seen some great things.

I liked all the exhibits in the museum. There are many sections or parts but I have enjoyed the sea section the most. I learned more about pearl diving. I also saw the traditional houses, households, Qur'an schools and old souks or open air market in the UAE.

The guide told us new information that the old fort was built over 200 years ago. It was opened in 1971. I looked at about pictures of wildlife in nature in the UAE. The section of the desert at night was amazing. I saw palm trees in oases.

In conclusion, I had a great experience. I learned new information. I felt excited. I think it is important. It is important to visit historical places like museums to learn more about how people lived in the pasts. I would like to visit the museum again.

A visit to famous city

- I have visited Dubai .went there with my family last summer . I stayed in a hotel for 3 days . I visited many great places . Dubai has unique atmosphere and identity . It is so crowded and busy .We took the metro to go to many places.
- I went to the **textile souk** to buy cloth . There was a bargain or sale , so we bought with low prices .There are a lot of beautiful fabric like cotton and silk .My sister bought silk to make dress.
- In the next day we went to the **spices souk**. It is traditional souk .I enjoyed the aroma or the smell of some spices .My mum bought different kings of spices , dried fruit and nuts.I saw a lot of tourists there taking photos and buying some souvenirs ort gifts. At night we went to the **Global Village** and rode amazing rides . We ate delicious food in it .enjoyed it
- We also went to **Gold souk** to buy a bracelet to my mum for her birthday . It was sparkling with bright lights because of the shiny gold and diamond . people were so friendly . I was so excited I would like to visit it again . It was a nice place to visit .

Looking Back

A long Time Ago in the UAE

100 years ago, life was very different in the UAE .There were no big buildings ,no fast cars , and no shopping malls .People had to work very hard to get food ,water and clothes for their families.

Some people ,who lived near the coast in cities ,used the sea as a source of life .people went pearl – diving and fishing .They also used dhows or old boats for trading with India . pearl diving was a dangerous job. They would dive to the bottom of the sea and look for oysters. They would work from sunrise to sunset. It was exhausting or tiring .

Other people lived in the desert. Bedouin lived as tribes or groups in tents because they were nomadic . They had to move from oasis to oasis to search for water and grazing . Farmers watered their date garden from a falaj which is an irrigation system .

.Their camels were very important. The camels used to carry loads . Camels are good resource .Bedouin used the camel milk . Its meat and its hide to make goods and tents . Camels are a symbol of wealth.

.saying Nabati poetry and folktales are important Emirati traditions . Life in the past was hard back then but people still had some fun.

City or country

Some people like living in the city while others prefer living in the country . Each place has some advantages and disadvantages .

The city has a lot of interesting places to visit , you can go shopping from shops and malls . You can find anything you want at any time . You can go to the cinema museums and parks for fun ,A lot of job offices are found in the city. You can enjoy the view of tall buildings or skylines ,They think life in the countryside is boring and dull . There are no places to go in it However they like to go there on holiday enjoy nature.

. However other prefer living in the countryside for some reasons . First . It is nice and quiet . You can enjoy the lovely views of nature you can walk between green fields . You can enjoy swimming doing some activities like swimming in the lake. You can ride a bike to school but it is dangerous in the city It is not noisy or dirty like cities . Second City are Smokey and so crowded . A lot of traffic and cars cause pollution . Moreover the country side is more peaceful than the city because a lot of crimes happen in the city .

If I had a choice , I would like to live in the country but near the city to take the benefits of both

My community

Where do you live? What do you like/dislike about where you live? What facilities are there in your town? Are there many shops where you live? What kinds of shops are there? What can you buy there?

I live in Alain City . It is a nice quite city .I like its greenery .There are a lot of trees and parks in it . I enjoy the lovely nature in Haffet mountain and Mubazarrah. However, it is sometimes crowded in rush hour

..
There are many facilities in community . There are many schools , hospitals and markets . There are a lot of malls and different shops where I can find what I need any time . I have delivered my shopping from the supermarket . I have cut my hair at the barber's . My dad's has his car repaired at the gaeage . I buy bread and cake from a bakery near to my house .

We should improve our neighbourhood or local area . I have joined in a voluntary work to help the elderly or old people in shopping and deliver things to their houses. We donate our clothes to the Red Crescent . We also cleaned the streets and planted some flowers and trees tom be nicer . We also prepared meals to needy people . We raised money to donate them to them .
We should be a good citizen to be able to serve our community. .
