Unit 6: Brainstorm your ideas about a play you watched:

1- Entertainment / Play Review

Evaluate your writing

Describe it

The play I watched was amazing! The stage looked like a magical land with colorful decorations and twinkling lights. The actors were fantastic, and they wore the most beautiful costumes.

Did you like it?

What I liked the most was how the actors told the story. They used their voices and acted so well that I felt like I was inside the story! The music was great too, it made everything even more exciting. However, it would be better if the actors and scene changed quickly, I felt a bit bored when they changed the scene.

Would you recommend it?

I would definitely recommend this play to my friends because it was so much fun to watch! The stage was like a dream, the actors were great, and the story was super interesting. It's a show that makes you smile and feel happy!

2- Technology

Let's Brain-storm our ideas.

1

Communication: I can easily talk to my friends and family, even if they're far away, using calls, texts, or video chats.
Study: I can quickly look up information for homework or projects, making it easier to learn and understand things.
Knowledge: I have access to a lot of educational apps and websites where I can learn new things, like math, science, or languages.

What is the technology that you can't live without?

**SMART
PHONES**

2

Communication: People can stay in touch more easily, sharing updates, photos, and messages instantly, which helps to strengthen relationships.
Work: Some people can work from anywhere because of smartphones, which gives them more flexibility and can save time commuting. **Interactions:** Social media and messaging apps allow people to connect with others around the world, making it easier to make new friends and share experiences.

3

Addiction: Spending too much time on smartphones can take away from other important activities like studying, exercising, or spending time with family.
Distraction: Notifications and apps can distract people from what they're doing, making it harder to focus on tasks or conversations.
Privacy: People's personal information and data can be at risk if it's not protected properly, leading to potential identity theft or other cybercrimes.

2- Technology

Evaluate your writing

Nowadays everybody uses technology on daily bases. There is hardly any person or any house that doesn't have one. One of the most used technology is smart phones. **In this essay, I will write about the benefits and the downside of having smart phones.**

There are many positive sides of having smart phones. The most beneficial use is communication. People use phones to communicate from far distance, you can use it to call people on the other side of the world. Another benefit is to increase my knowledge. I use the smart phone to search for information that will help me do my projects and home works. **Moreover**, phones can be used to work from home, which gives them more flexibility and can save time commuting.

However, there are some negative sides for using smart phones. Spending too much time on smartphones can take you away from other important activities and from your personal life. **In addition**, you can get virus and hackers that might make you in risk. **Furthermore**, smart phones can effect your health, you might have sight and back issues from spending too much time on it and as well as depression and isolation issues.

All in all, everybody uses technology and it is hard to live without a smartphone nowadays. **In my opinion** use you phone wisely and to finish your daily life and work tasks, but be careful and don't let this blessing be a weapon to ruin your life and health.

3- Favorite Place

Evaluate your writing

Where?

One of my favorite places to visit is the countryside. It's a peaceful escape from the busy city life, and I always feel refreshed and happy whenever I'm there.

Why?
Describe it:

The countryside is so beautiful, with rolling hills, colorful flowers, and fresh air. There are walking trails where you can explore and enjoy the sights and sounds of nature. I love listening to the birds and feeling the gentle breeze on my face as I walk.

What
activates
can you do?

There are lots of fun things to do in the countryside too. You can have a picnic in the hills, go hiking or biking, or simply relax under a big tree with a good book. It's a great place to spend time with family and friends and make wonderful memories together.

Advice

Finally, If you ever get the chance, I highly recommend visiting the countryside. It's a magical place where you can escape from the noise and stress of everyday life and just enjoy the beauty of nature. You'll feel happier and more relaxed after spending time there, I promise!
