Bonus – Justification Question

Text

Salim loved all types of animals, but his favourite were tigers. He thought they were the most beautiful animals he'd ever seen. He'd learned everything there was to know about them by watching wildlife programmes on TV. "If I had the money, I'd go to India!" he said to his father, Omar.

"It's his graduation next month," Omar said to his wife, Salama, later that day. "We should do something special for him."

A few weeks later, there was a delivery at Salim's house. It was three suitcases. "What's happening?" he asked his father. "Are you planning a trip?"

"Everything will be revealed!" replied his father, with a smile.

Write your answer below. Use full sentences.

Why do you think this will happen?

Use the information in the text above to support your answer.
