### **Model writing 2**

#### **About me:**

Hi, I'm Sara and I live in Bahrain. I'm 19 years old and I study in Bahrain University. My hobbies are drawing and reading. At the moment, I'm taking a course in art for three months in France.

#### **Friday August 25:**

Our class went to the Art Museum. I had a really good time there. The paintings and the sculptures were very amazing and looked very realistic. I think it is very important to visit museums and learn about other cultures. You can learn many things about a culture from its art. After that we had lunch together. It was a lovely day.

#### **Sunday August 6:**

I really like the way people live here. Two weeks ago I had a new French friend. She invited me to her house for dinner. Her house is very elegant. The food was so tasty and the table was so well organized. I learned a lot of good things from French people, like eating healthy food and exercising. I feel so happy.

#### **Wednesday July 26:**

At the moment I'm taking a painting class and it is wonderful. In the beginning I was so worried because I don't have much experience but now I am much better in painting. When I first came here in June I wasn't that good really.

##### Movie Review

“Home Alone” is one of the best American movies ever. It is a comedy family movie that was filmed in the USA in the year 1990. You can find it on the Youtube or watch it on TV.

The movie is about a boy called Kevin. His family went to France for holiday and left him home alone by mistake. When two robbers tried to steal the house because they thought it is empty, Kevin stopped them by setting many traps and getting the robbers in a lot of trouble until they were caught by police. At the end the family came back home for him once they realized he was at home.

The main character of the movie was Kevin who was a very smart and brave boy. The role of Kevin was acted by the very talented actor Macaulay Culkin who was very famous child actor in the 90's because he was very funny and professional.

“Home Alone” is the most popular family movie ever. I recommend everyone to watch it. And if you have watched it before, watch it again!

Hi Mariam,

How are you? How is your family? I hope all of you are fine. I'm writing to thank you for the nice gift I received from you yesterday! It was a very nice surprise.

As you know, yesterday I had a math test and I was very stressed. I studied really hard for the test and tried my best, but the test was very hard and the time wasn't enough. I went home feeling very sad. I didn't even eat anything at all, but then I was surprised when a delivery man knocked the door and gave me your gift which is a brand new handbag! I forgot about the hard math test and felt very happy and grateful because of your gift, you know how much I love handbags.

Enough about me. What about you? How are you doing? Are you doing well in your exams? I know you do because you are very smart. Let's meet someday after the exams.

Thanks again for the wonderful gift. I hope to see you soon.

Yours

Fatima

**Model writing 5**

**Natural feature**

“Jabal Addukhan” which means the mountain of smoke is a hill that is located in Skheer area south of Bahrain. It is called that because usually there is fog around it because of humidity. Oil was found for the first time in Bahrain in the area around Jabal Addukhan.

Jabal addukhan is the highest point in Bahrain with the height of 122 m above sea level. The mountain is surrounded by many caves. Some old artifacts from the stone age were found in those caves. There is a lot of petrol and natural gas there. The area around it is a desert, so there are not a lot of plants, but it is high enough to see the nearby beautiful view of the coast. People love to go there especially in Winter and Spring seasons to camp. It is very nice to sit around fire in the cold nights with family or friends to chat and listen to stories. Or you can go hiking there in the open area and enjoy the fresh air and nice view.

Jabal addukhan is one of the most beautiful open sites in Bahrain with its nice view of the desert and sea. If you have not visited it before, you should do it and I am sure you will like it a lot.

### **Model writing 6**

#### **What makes you proud of your society**

I live in Bahrain. It is a group of small islands and located in the Arabian Gulf. Although it is a small country in size, it is very great. There are many things that make me proud of my Bahraini society.

Bahraini society is known for its tolerance. Bahraini people are very kind, welcoming, and helpful. There are a lot of people from different nationalities and races living in Bahrain peacefully side to side with its people. If anyone is in trouble and needs help, people of Bahrain will help quickly. Crimes rate is very low in our society as people are religious and very proud of Islam. They respect and follow Islamic laws that forbids crimes and calls for love, peace and respect. I am also proud because we have free education and free medical care. Our country is developing very quickly, but at the same time we are proud of our past and traditions. We still have the same values our ancestors had many decades ago like bravery and generosity.

As I said, I am very proud of my country and Bahraini society. My country has given me a lot of things, and in return, I want to pay it back when I grow up by becoming a good doctor who will serve the people and help all who need help.
