A story

One Sunday at 9:00 am, I was in Paris airport with my group returning back to our country after a long holiday. The weather was windy.

We entered the plane and everything was under control. Also, people were having fun and enjoying their time. We took our seats and we were ready to go back. After fifty minutes, the sky turned black and it started raining deeply. So we had noticed that we were in a huge storm. Suddenly, a strange man was holding a gun and ran towards the captain's room to threaten him. He told the captain that he must control the plane or he would kill him. Everybody was frightened from that crazy man. So our group planned to catch him.

Next, Sim went to the kitchen quietly and took a frying pan to hit the man on his head. Then Bessa and I pulled him to the toilet. After that, we passed the storm safely and the captain got the plane under control.

Finally, we are in our country and we had a big party in the airport, when I was at home I was really happy and wished to do not face this situation again.
