Writing an Anecdote

Ali Ahmed was enjoying his weekend at the sports center in Manama. He was playing in a local pool championship. Ali played well for half an hour and won three of the first five games. He put down the glass he was drinking from and was getting ready to pot the black to win the final game when his false teeth dropped out.

Unfortunately, instead of putting the ball, he potted his own false teeth! Ali's wife, Sara who had been watching the championship all night, immediately rushed to help her husband. She put her hand in the pocket to fish out the false teeth when disaster struck. Sara's hand got stuck in the pocket and she could not get it out again.

Finally, after Ali had made an emergency phone call, the fire officers arrived on the scene. With the help of a power saw and some washing-up liquid, they freed Sara's hand. 'Poor Ali, he has been trying to win the championship for years', said a friend. In the replay, Ali played terribly. I think he was worrying about his teeth again.
