## Pandas

Giant pandas are bears with black and white fur. They live in the mountains of China, where they find bamboo to eat. Bamboo is their favorite food. Giant pandas are very big animals. When they are born, they weigh only about 100 grams. But when they grow up, they can weigh more than 100 kilograms. They can live up to 30 years in the wild. Giant pandas are very cute and friendly. They have round ears, black eyes, and a short tail. They like to play in the trees and in the water. Sometimes they do funny things, like rolling on the ground or doing handstands. There are not many pandas left in the wild. Only about 1,500 pandas live there. Pandas are a symbol of peace and friendship for China and the world.
