Hello

4. Read the following text carefully.

Ashley Trent is now filming his new movie, *College Rap*. He began having acting lessons and acted his first movie at the age of ten.

At fourteen, he became famous for acting on TV. "That was fun!" Ashley says. "I was in a fast-food advert, but filming *College Rap* is much harder. I have to play baseball and sing in the film and I need to have dancing classes too. When we finish filming each day, I don't go out with friends. I usually sit in the bath for an hour because my legs and arms hurt! But I'm enjoying myself because the three adult actors who are the teachers in *College Rap* are really good. They've filmed all over the world. They've taught me to remember my script more quickly, too. I needed half a day to learn five pages before, but now I only need a quarter of an hour."

Being famous is great but Ashley isn't interested in buying lots of expensive things or going out. "But I'm asked to do really interesting work now and that's wonderful," he says. "I don't get excited when I watch myself in films. I know I'm getting better, but I still need to work harder!"

Now answer the following questions.

1. When did Ashley Trent start acting in the cinema?

2. What does Ashley often do after filming?

3. Why is Ashley happy while filming *College Rap*?

4. How long does it take Ashley to remember five pages now?

5. What does Ashley think when he sees himself in a film?

4. Read the following text carefully.

In 2006, Ravi Petra started working for a music company and three years later, he got a job on the music television channel TV.

Ravi enjoys working on television, but when he was younger he wanted to fly planes. Later, he became more interested in football. But Ravi has always loved music, so he tried to get work with Rock TV. His boss says he gave him the job because he wanted it more than anybody else!

When he started at Rock TV Ravi arrived first at the office and was the last to leave at 10 in the evening. Now he starts a bit later, but he is still busy until 10 p.m. Before lunch, Ravi usually writes his words for the show and in the afternoon he has meetings or makes Rock TV advertisements. Ravi knows what questions to ask the band members and he always has information about the bands to help him.

Sadly, his work means that he doesn't see his friends enough, but he has great fun on skiing trips and listens to music all the time.

Now answer the following questions.

1. When did Ravi Petra started his work with music?

2. What did Ravi want to do when he was young?

3. Why did Ravi's boss give him the job?

4. When does Ravi prepare for his shows?

5. How would Ravi like to spend his time? (Name two activities)
