Starting at a new school

By Anna Gray, age 11

I've just finished my first week at a new school and I'd like to tell you about it. Like other children in my country, I went to primary school until I was eleven and then I had to go to a different school for older children. I loved my primary school, but I was excited to move to a new school.

It was very strange on our first day. There were some kids from my primary school there, but most of the children in my year group were from different schools. But I soon started talking to the girl who was sitting beside me in maths. She lives near me, so we walked home together. We're best friends now.

When I saw our timetable there were lots of subjects, some were quite new to me! Lessons are harder now. They're longer and the subjects are more difficult, but the teachers help us a lot.

At primary school we had all our lessons in one classroom. Now each subject is taught in a different room. It was difficult to find the classrooms at first because the school is so big. But the teachers gave us each a map of the school, so it's getting easier now.

The worst thing is that I have lots more homework to do now. Some of it is fun but I need to get better at remembering when I have to give different pieces of work to the teachers!

Read the text carefully and choose the correct answer A, B or C.

1. How did Anna feel about moving to a new school?

- A worried about being with lots of older children
- B happy about the idea of doing something different
- C pleased because she was bored at her primary school

2. Who has become Anna's best friend at her new school?

- A someone from her primary school
- B someone she knew from her home area
- C someone she met in her new class

3. What does Anna say about the timetable at her new school?

- A It includes subjects she didn't do at primary school.
- B She has shorter lessons than she had at her old school.
- C It is quite difficult to understand.

4. Why couldn't Anna find her classrooms?

- A She couldn't read a map.
- B There was little time between lessons.
- C The school building was very large.

5. What does Anna say about the homework she has now?

- A She gets more help from some teachers than others.
- B She thinks it is the hardest part of school life.
- C She remembers everything she's told to do.

Read the text again and answer the following questions.

1. How old is Anna Gray?

Anna Gray is 11 years old.

2. What did Anna feel on her first day at school? Why?

On her first day, Anna felt very strange because most of the children in her year group were from different schools.

About my family

Dear Marta,

I'm going to tell you about my family. I live with my little sister, mum, and dad. We live in London, although I grew up in Lancaster, a beautiful city in the North of England.

My dad's name is Pierre. He's from France, and he speaks English and French. When he was young, my mother went to France on a student exchange, and they met there. A few years later, my dad moved to England and married my mum. He works as a French teacher. He's very tall –much taller than my mum– and athletic. He's got short blonde hair and blue eyes.

My mum's name is Anna. She's English. She's quite short, and she's got long curly brown hair and brown eyes. She works at a chemist's next to our home. She can speak French too!

My sister Julia is 18 years old, and she's got the same color of hair and eyes as my father. She loves playing the piano and dancing. She's very talented, and she would like to be a professional musician.

I've got short blonde hair like my dad, but brown eyes like my mom. We all love playing board games together on Friday evenings, and we always order pizza. Our favourite game is Monopoly. Oh, I almost forgot...we've also got a pet cat, Snowball. She's all white and has got a lot of fur. She likes sleeping on me.

Write back soon. Please, tell me about your family too.

Love,
Jonathan

Hi Eman,

I went to my uncle's 50th birthday party last weekend. He usually has parties in a sports centre near his house but this time he booked a room with a garden in a hotel. Just before the party started, it began to rain so everyone stayed inside. It was a pity because the garden looked nice, and it got rather hot in the room with everyone crowded together.

I wanted to talk to my uncle, but he had to see his old friend, so I spoke to my cousins more than anyone else.

At 9:00 o'clock, there was some music and dancing. I can't dance well but it was fun. The only problem was the food, which wasn't very good. I took some pictures. I'd like to show them to you, but I can't come to see you right now, so I'll send them with another e-mail. Also, could you send me your new mobile number please?

George Weekes writes poems and books for all age groups, and sometimes reads his work on TV. George Weekes talks about himself saying, 'My parents moved from Manchester to Jamaica where I was born, but East London has been my home for many years now. Tourists never come here. This part of the city has many problems and it is so difficult to live there, but there are also many good things about it.

People of many nationalities live in this area, so there are shops with Jamaican bread, African vegetables, Chinese spices and lots of other interesting things. The shop my wife likes best is the one that sells beautiful Indian dresses. The local bookshop is much more friendly than a big store and I'm always happy to talk to people who read my books and poems!

I'm 36 years old now but I don't really like 36 years olds! Once people become 30, they think about money too much and say that modern music is too noisy! Almost all my friends here are under 17. I love their language and music. They give me ideas for my writing. Sometimes I go for a run beside the river. There are flowers and animals and even cows there, so it's like being on a farm. I live and work in the city but I still love to live on a farm.'

(1) What does George say about his part of London?

- A) Tourists should go there. B) Life there isn't always easy.
C) It's in the city centre.

(2) His wife's favourite shop sells

- A) clothes. B) food. C) books.

(3) George likes the bookshop because

- A) the books are cheap. B) he can meet his readers there.
C) it has so many books.

(4) George says that people over 30

- A) have too much money. B) are often unhappy.
 C) don't like loud music.

Q14: Read and choose the correct answer.

Tom Barry is seventeen, and started skateboarding when he was nine. He grew up in New York where he practised hard and won his first competition at the age of fourteen. He was lucky, a writer from "SKATE IT MAGAZINE" watched him that day, then wrote an article about him. They even made a video of him. He left school last year and now the magazine is paying him to practise and to skateboard in international competitions. But he's not doing this for money. He's doing this because it's so much fun.

Skateboarding is the third most popular sport for boys aged 12-16 in the USA, BUT IN Japan it is less well-known. Tom has just returned from Japan.

He said: "I took my skateboard out onto the city street and the traffic stopped as people watched me. A problem for skateboarders in Japan is that there aren't many places for them to practise outside. Skate parks are usually inside the buildings in large cities, so street skating is difficult there. But things are changing. I loved the trip and hope to go back to Japan very soon".

Now circle (T) for true or (F) for false.

1. Tom first practise skateboarding when he was 14. T F
2. He doesn't go to school anymore. T F
3. Money is very important for Tom. T F
4. Skateboarding is more popular in Japan than in the USA. T F
