**C. Read the following texts carefully. Then, answer the questions that follow.**

**Dave (16 years old)**

I think I'm quite healthy because I never eat junk food and don't eat fattening snacks or too much sugar. I don't eat too much meat, and my mum makes nutritious meals with lots of vegetables. I also think that I'm fit because I'm an active person and I have a habit of doing outdoor activities like trekking and cycling. I often go to the mountains with my parents at the weekends with our bikes. We sometimes cycle 30 kilometers or more.

**Karen (15 years old)**

I like to go to the gym and I go swimming three times a week. I sometimes swim in competitions. I'm never in a bad mood when I exercise. I use a lot of energy so I eat quite a healthy diet. Before competitions, I always eat plenty of vegetables and I don't eat too much junk food. But I do eat a bit too much chocolate!

I eat a little every day. I think I have a chocolate addiction! If you want to be fit and healthy, you need to make an effort and work hard.

**Sam (17 years old)**

To be honest, my lifestyle isn't very healthy at all and I guess I'm not very fit. I never eat fruit and I hardly ever eat vegetables. I just don't like them. I love food like pizza and burgers and snacks, like crisps. So I'm a bit overweight and I guess there's a lack of vitamins in my diet. I generally do my homework in the evenings after dinner. Therefore, I often go to bed late and don't get enough sleep. I occasionally play football, but I don't think I do enough exercise. But I do a lot of mental exercise- I love playing computer games. I never sit at home and do nothing.
