ADVENTURE!

Chloe

I'm going to go on an adventure holiday in Scotland for a week this summer. I'm going to stay in a cabin in the Scottish countryside. There are about 50 different activities: from mountain biking to kayaking in Scottish rivers. My favourite activity is the zip wire. I'm not going to take summer clothes because it's usually quite cold in Scotland, but I don't mind! I can't wait.

Carla

This summer my family and I are going to explore Thailand. We're going to stay in a tree house in the jungle for three days, where we're going to ride elephants. Then we're going to stay in a hotel near the beach for a week. I'm going to swim every day, and we're all going to eat really nice food. Fantastic!

Ivan

My friends and I are going to spend two weeks watching wildlife in Patagonia this summer. We're going to stay in hostels because it's really cheap. Patagonia is a beautiful place in the south of Argentina, with lots of interesting animals. There are penguins, sea lions, even killer whales. I'm going to take my camera, of course, but we aren't going to take our phones. When I get back, my dad's going to build a web page and I'm going to put the best photos on it.

Name	Trip to	With	Activities

B. Read the texts below. Then answer the questions that follow.**Ask Deena***The great problem solver!*

Dear Deena,
Hello, Deena! I'm a businessman, I'm going to be forty-five years old by the end of June. I'm little bit fat and need to lose weight. My wife says that my clothes are old fashioned and that it's time to go shopping to buy new ones. Deena, it's true that my shoes, shirts and jeans are almost 20 years old, but I like them- they feel comfortable! Also, I just don't like to go shopping for clothes. It takes a long time to find clothes that I like, and I don't like fitting rooms- they are too small. Should I go shopping with my wife to buy new clothes, or should keep wearing my old ones?

George

Dear Deena,
Hey, Deena! I'm eleven years old and I have a pet. It's a cute little white and grey cat. His name is fluffy. Sometimes I put clothes on fluffy my friends like it when I put red cap and a yellow scarf on him! But my mother gets angry when I do this. Deena, why does my mother get angry? How can I make her change her mind and let me put more clothes on fluffy? Am I wrong? What's your opinion about this?

Billy

Dear Deena,
Hi Deena! I love to read your fashion advice columns, I read them every week. Maybe you can help me - my husband is a vet. His birthday is next week, and I want him to buy some new clothes. He doesn't care about fashion or buying any new clothes and whenever he buys he would choose colourful old fashioned ones. I think it's time to buy him some new ones. I'm thinking of buying him a new necktie or maybe a jacket as it's getting cold these days. Do you think going shopping together to buy him a birthday present is a good idea? Or, should I surprise him?

“Amazing” is an international website forum where people can post their wonderful experience and share it with the readers. Four people are talking about their experiences below.

Cameron, Mexico

In our school, we did a project in groups; it was called “Reduce, Reuse, Recycle”. You can reduce energy use by turning off lights. You can save water by turning off taps. You can reuse paper and plastic bags. You can also recycle by taking your bottles and cans to a recycling centre. It was very exciting to work on this project, all students were interested in finding new ways and things to “Reduce, Reuse, Recycle”! Our school headmaster was fascinated by the result and thanked us in front of everyone.

Scott, Australia

There was a festival in our local park to raise awareness about the environment. It was amazing how many people visited the festival. There were talk shows and films about how we can prevent pollution, and there were people selling food, books and posters. It was very interesting. We had fun, and we helped the world at the same time.

Susan, USA

We grow our own fruit and vegetables – they taste great. Our little ‘natural garden’ is helping the environment too – we eat healthy vegetables, and less food that has travelled thousands of miles in aeroplanes that cause pollution. I love how our garden helps to keep the nature clean. We also recycle water by using rainwater for our plants. So our plants grow healthier and more beautiful than other vegetables.

Nick, Canada

I love animals, and my aunt and uncle have bought me a really special present. I have ‘adopted’ a rare animal! It’s an elephant called Kiruba. I can’t keep her here in Canada, she needs hot desert weather. So she lives in Africa, but I send money to people there who use it to look after her. I received a lovely poster, and I got information about her. I love helping nature directly like this.

Farah Al Qahtani

For breakfast I have bread with cheese, eggs, yogurt and tea. Lunch is at 2.30. It is usually a big meal, with lots of different dishes. Perhaps some chicken or fish with rice- 'kabsa' -vegetables, hummus and tomato sauce. We drink fruit juice or water with the meal.

We have dinner at 8. Traditionally the evening meal was much smaller than lunch, but now it is the biggest meal of the day.

I like eating out more often but I don't have time. I am a nurse and I live near the hospital so I walk to work. It's my only exercise!

Masumi Takahashi

I get up early to have breakfast at 6:00. Then try to catch the train to work. In Japan, we have rice at every meal. I'm a manager and at 12.00 I have lunch in my break time, which is usually small dishes of rice, fish, vegetables, eggs, and sometimes meat.

In the evening, my family and I have fish with beans or rice.

At the weekend, I like cooking small dishes for my family. We don't put a lot of food on our plate, so we don't eat too much.

Richard Welty

I eat little and early. I have toast and cereal for breakfast and salad for lunch at about 11.30. For dinner, I usually eat chicken, fish or seafood. If I have a snack between meals, it's always fruit.

I ride my bike to work across Brooklyn Bridge, and run 10 kilometres a day. I'd like to run the New York Marathon this year. I'm a waiter, so I'm on my feet all day.

Too many people in this country don't eat right. They say they don't have time to buy food and cook, so they snack all the time.

I like chatting with my friends about food, recipes and new restaurants.
