Read the descriptive paragraph of someone's unusual job and find out the elements of it:

A Bright Work Day

My father has a great job at one of the best kitchens in a hotel in Bahrain. He is a daytime food taster and he mostly works at night. His job is mostly done in a kitchen, but sometimes he works in other places like wedding halls. He starts his work early in the morning. He tests the food for the breakfast meal and tests different kinds of juice. He also checks the amount of sugar in different drinks. Then, he smells and tastes vegetables and fruit arranged for lunch and he sometimes has to go to markets to buy the good ones himself. He tests boiled, fried, and grilled food, and gives advice to the chef. In the early evening, he starts checking the food for dinner. He tests every thing like salad, bread, soup, and sweets. My father says, 'I love food, and I love my job!'

A Tiring Work Day

My brother has a great job at the Science Centre. He is a daytime underwater photographer and he rarely works at night. He needs to be very careful. In the early morning, he goes to the centre and checks his tools like the camera and underwater breathing device. He wears his diving suit and fins. Then, he speaks to the divers to ask for information. After one hour, he is in water. He takes photos of many things like sand, coral reefs, fissures, ship wrecks and sea creatures. He also videos some scenes and uploads them on the Centre's youtube channel. Mostly, he spends one hour underwater, but sometimes he doesn't have to be in water, he lectures the visitors of the centre and shows them the photos and the videos. My brother says, 'Although I have a tiring job, I still love it!'

Dear Bob,

I have volunteered in a Conservation Centre. I am responsible for taking care of a new baby leopard. Her name is Sandy. The hunters killed her mother. I was angry to hear that.

Nowadays I am learning many things. What I should do and what I shouldn't do. If you want to take care of an animal, you should keep them warm and bath them twice a week. You should feed them three times a day with healthy food like milk. You should teach them how to find food and build nests because you need to prepare them to be wild animals.

I have to train Sandy well to set her free after 3 years. It is important to help Sandy depend on herself. I am proud to help her. You should try volunteering, I am sure you will love it.

Best wishes
Alex
