Last week, our neighbourhood park was always dirty, empty, sad with lots of rubbish and little dead grass. Then some students in our local school decided to volunteer and turned it into a welcoming park. They did a great job. First, they worked on cleaning the park and removed all the rubbish and yellow dead grass. The benches were painted in red, they repaired the playground, and planted a lot of flowers. If you come to the park, you will not recognize it. It is a beautiful place filled with laughter and joy. Now, everyday we can enjoy walking there and see colourful and sweet-smelling flowers with green grass. Every corner has a red rubbish bin which makes people use them and stop throwing rubbish in the park. We love going to our clean and splendid park now.

Read the descriptive paragraph of someone's unusual job and find out the elements of it:

### A Bright Work Day

My father has a great job at one of the best kitchens in a hotel in Bahrain. He is a daytime food taster and he mostly works at night. His job is mostly done in a kitchen, but sometimes he works in other places like wedding halls. He starts his work early in the morning. He tests the food for the breakfast meal and tests different kinds of juice. He also checks the amount of sugar in different drinks. Then, he smells and tastes vegetables and fruit arranged for lunch and he sometimes has to go to markets to buy the good ones himself. He tests boiled, fried, and grilled food, and gives advice to the chef. In the early evening, he starts checking the food for dinner. He tests every thing like salad, bread, soup, and sweets. My father says, 'I love food, and I love my job!'

### A Tiring Work Day

My brother has a great job at the Science Centre. He is a daytime underwater photographer and he rarely works at night. He needs to be very careful. In the early morning, he goes to the centre and checks his tools like the camera and underwater breathing device. He wears his diving suit and fins. Then, he speaks to the divers to ask for information. After one hour, he is in water. He takes photos of many things like sand, coral reefs, fissures, ship wrecks and sea creatures. He also videos some scenes and uploads them on the Centre's youtube channel. Mostly, he spends one hour underwater, but sometimes he doesn't have to be in water, he lectures the visitors of the centre and shows them the photos and the videos. My brother says, 'Although I have a tiring job, I still love it!'

**Subject: Book exhibition**

On the 16<sup>th</sup> of October every year, Bahraini people can enjoy a great event in an open area at night time. The book exhibition lasts two weeks. All kinds of books are available. People can read, talk to authors, and get their signatures. Families, gulf states' citizens, school students walk happily among the books. There is a corner where people can light up candles, read old scripts of old books, and experience how people read in the past. The smell of leather pieces with ink makes me eager to read more. One thing is astonishing, there is a corner for a kitchen where some chefs cook cakes in shapes of books; even school students can write whatever they want to write using cream. People gather around some poets and listen excitedly. It is really a huge event.

**Best wishes,

Dear Bob,

I have volunteered in a Conservation Centre. I am responsible for taking care of a new baby leopard. Her name is Sandy. The hunters killed her mother. I was angry to hear that.

Nowadays I am learning many things. What I should do and what I shouldn't do. If you want to take care of an animal, you should keep them warm and bath them twice a week. You should feed them three times a day with healthy food like milk. You should teach them how to find food and build nests because you need to prepare them to be wild animals.

I have to train Sandy well to set her free after 3 years. It is important to help Sandy depend on herself. I am proud to help her. You should try volunteering, I am sure you will love it.

Best wishes  
Alex
