14**C-Read the text and answer the questions on the next page.****Tony's evening**

It was my birthday last Thursday and I decided to celebrate it by inviting a few friends to supper. I chose a restaurant in a quiet part of the town. It is one of my favourite restaurants because the food is good, and the waiters are friendly. It is so hardly ever crowded, because few people know about it, so it is not usually necessary to book a table. In any case, Thursday is not a busy evening as a rule .

When we entered the restaurant, I was surprised, therefore, to find it completely full. I looked around-but not a single table was free. One of the waiters recognized me. He came across and explained the situation. "A party of tourists came in about half an hour ago," he said . "It was like an invasion! Suddenly the place was full! We can hardly manage"!

The waiter then pointed to a table in the corner. "The people there are just about to leave," he said ."Just hold on and you'll find a place there." He was right. Fifteen minutes later, the people at the corner table paid their bill, got up and left. I led my friends across and we all sat down.

Unfortunately, our table was almost out of sight. We tried to attract the attention of the waiter who sent us there but he, liked all the other waiters, was busy with the party of tourists. They ordered enormous quantities of food. But at last, nearly an hour later, the tourists were finishing their meal and looking very pleased with life. The waiter, now very tired, appeared at our table. I advised my friends about the best dishes and finally the waiter went off with our order.

A few moments later he came back to our table. We could tell from his face that he had bad news for us. Full of apologizes, he informed us that there was no meat or fish left. "All we can offer you," he said, "is an omelette "!
