### Formal letter

Dear Manager,

My name is..... I am .....years old. I am from Bahrain. I live in Manama. I am writing this letter to complain about the food/water waste in your hotel/restaurant. Last week, while I was there, I noticed this problem.

In fact, this is a big problem. People can be sick because food/water waste can lead to pollution. Pollution is very dangerous.

As a result, we should save food/water to reduce the food/water waste. We should also use it wisely. We should not use extra water/food in our life.

I hope you can do something to help us with this problem **and decrease the food/water waste.**

Yours sincerely,

Abdullah

### 3- Story

Last week, while my mother was cooking in the kitchen, there was a big fire. My mother was so scared. She cried for help loudly. At this time, I was playing in our garden. When I heard my mother crying, I ran to her.

When I saw the fire, I helped my mother to come out of the kitchen. Then, I called the firefighters. They came fast and put out the fire. After that, I called my dad who came fast and took my mother to hospital.

Finally, my mother was ok and my father was so happy because I saved my mother. I learnt to help anyone If I could.
