## Guidebooks on Britain

<b>A</b>	This book is for travelers who have money to spend. Top-quality hotels are listed, as well as excellent restaurants, shops, theatres, and cinemas that stay open until very late at night. Color maps and photographs of Britain's most important city centres make it an attractive and useful publication.
<b>B</b>	If you would like to know more about Britain's history but are tired of museums, this book will take you on a tour of the British countryside, stopping at castles and historical sites. For keen walkers, there are suggested routes, but a car is necessary to reach the start of each one.
<b>C</b>	This author stays away from the main tourist centres, which are well covered in other books. He tells us instead about the many towns and villages which are usually forgotten but are certainly worth visiting. His suggested routes avoiding the noisy motorways give a wonderful opportunity to drive through the beautiful countryside.
<b>D</b>	The author covers the history of a number of important British cities and also provides practical information about each one, including names of inexpensive hotels. The train and bus information may go out of date very quickly, but phone numbers are provided so routes can be checked.
<b>E</b>	This book contains 100 walks through fields and forests in different parts of the country. Every walk starts from a town or city, and some walks can be completed in a day. On other walks, you need to stay somewhere overnight. However, suggestions of inexpensive places to stay on the routes are included, as well as information about where to eat and public transport.
<b>F</b>	This new book gives useful information on galleries and museums. Unusually, it includes not just the main cities but also suggests visiting smaller towns whose museums and art galleries contain valuable collections. At the back, there is useful advice on using public transport to travel around Britain.

**Information for New Sky Mobile Customers**

Welcome to Sky Mobile, one of the fastest-growing mobile phone networks in the UK. You can go almost anywhere in the UK and use your Sky phone. Our service now reaches up to 85% of the UK population. With Sky Mobile, you have total freedom to talk, take messages or send a text message practically anywhere, at any time.

In a recent questionnaire about mobile phone networks, people voted Sky Mobile the top service provider in the country. We take our customers seriously and intend to ensure that everyone receives the service they expect.

The easiest way to buy talk time on your phone is by credit card. If you haven't done so already, please let us know which card you'll be using. Then, whenever you need talk time, call 440, free of charge, and tell us the amount you want to buy. If you do not want to use your credit card, vouchers are available from many stores.

You can also send text messages with Sky phones. These are a quick and inexpensive way to contact friends. They are perfect for when talking is difficult, when the music is too loud or when you want to keep something private. Sending a message costs as little as 5 pence but receiving one is free.

Sky Mobile also provides an information service for its mobile phone users. This service gives you recorded information, 24 hours a day, on sport (all the news, plus the day's football and rugby results), weather and finance. Just call 166 from your Sky phone. Calls cost 20 pence per minute at all times and are charged by the second. With Sky phone, you can also receive text messages to remind you of important dates. When you register with Sky Mobile, you should enter your diary dates, for example friends' birthdays, into a personal calendar. You will then receive a text message, with plenty of time to spare, as a reminder.

The answerphone service provided by Sky Mobile includes a facility for you to record a message. It's also possible to change your message whenever you like, so you can let people know exactly what you're doing. To record a message on your Sky answerphone, just dial 234 and follow the instructions.

When callers have left messages, it costs just 10 pence per minute to hear them. The cost of a call depends on the time of day that you make it. It is normally cheaper to make calls between 6.00 p.m. and 6.00 a.m. However, with Sky Mobile, it is possible to choose a different period. You have the choice of morning hours (7.00 am to 11.00 am); lunchtime (11.00 am to 3.00 pm); or afternoon (3.00 pm to 7.00 pm).
