*Read the text. For each item, shade in the bubble  next to the correct option.*

It is true that, we get our knowledge about the world and our life from two sources: from experience and from books. Those two resources are both important, but which of them are more important?

Knowledge from books forms is very important part of our knowledge. We learn knowledge from books to make our success and build our country. A student learns English and scientific knowledge and become a scientist or a teacher a tour guide. We cannot learn without books. Moreover, we get knowledge about life and the world by reading books, magazines and newspapers. This is also very important, as we cannot experience everything by ourselves.

On the other hand, we cannot learn everything from books. “Experience is the best teacher” is an old say I agree with it. The most important and sometimes the hardest lessons we learn in life by taking part in situations. We learn how to deal with others or how to get self- respect and self-confidence from our experience, not from books.

Also, there is a new way of getting knowledge. It comes from the internet by searching and blogging on the websites, but we should judge mentally when you search or read and not to follow the bad websites which corrupt the society.

All learning sources, books, experience and internet are very important to us. But in my opinion, knowledge from experience are more important, because without knowledge from experience it is impossible to get a real understanding of knowledge from books or internet and how to use this knowledge.

## **Listening Script 2**

One day, Ahmed and his sister Loggy went to the beach with their father, mother and granny. They met their friends there. Ahmed played football with his friends, but Loggy walked on the beach with her best friend Eman. They were very happy.

While Ahmed was playing football, he hit a cat. The cat screamed as she was angry. Ahmed cried because he liked cats and he wants to be a vet in the future.

His parents tried to keep him calm and they suggested to call a vet. The vet was very polite and helped them a lot. He described the treatment for the cute cat.

Finally, the cat walked easily and all Ahmed's family were very happy.

The weather was sunny and very interesting.

They enjoyed their time and returned home safely.

THANK YOU. BEST WISHES. MR YAQOOT.
