Dear Salma,

How are you? I hope that you and your family are well. I'm fine and I am having busy time right now. I get up at 5:30 am from Sunday to Thursday, but at the weekends I get up at 9 am. I walk to school because it is near my house. I love school and I enjoy studying because it builds my confidence and I learn new things every day.

My favourite subject is Chemistry. I like doing experiments in the lab. Also, it helps me try new things by mixing them up. However, when I return home, I help my mother in her work. She doesn't like that because she wants me to focus on my study and get high marks. My dream is to be a doctor in the future.

During the weekends, my father takes us to the beach and sometimes we go visiting our relatives. We all gather and have dinner in our grandfather's house. We all enjoy our time and have fun.

I look forward to hearing from you about your activities.

Best wishes,

Amna
