Dear Sonia,

Hello, how are you? I'm writing to share with you the information I have found for my school project about Holi festival.

Holi is a famous festival in India. It is a festival that celebrates spring, love, and new life. Holi is also known as the "festival of colours". It is usually celebrated in March.

Holi lasts for two days only, but people do lots of enjoyable activities. On the first night of Holi, people light fire and throw popcorn, coconut, and chickpeas onto it. The next day, people go into the streets for fun and paint-throwing. They throw each other with perfumed, coloured powder called gulal. People prefer to wear white old clothes because their clothes get coloured. They also use water guns and water balloons to make the powder stick. Later in the day, families have meals together and distribute sweets among neighbours and friends.

Holi is also celebrated in other countries like South Asian countries, Bangladesh, Nepal, parts of Pakistan, Australia and New York.

I am so happy to find this information about Holi festival. Please send me the photos you have collected to attach them in the project. I want to submit it to my teacher next Monday.

My warm regards,

Sara
