**READING 2 (Items 5–10)****(6 marks)***Read the text. Then complete the task.*

Dear Salim,

I'm writing to tell you that I returned from Masira Island. This island is a fantastic place to relax and meet a lot of interesting people. The island is filled with beautiful beaches and exciting water sports. It has a population of about 12,000 people. It was only recently opened for tourism. I stayed in a five-star hotel which was wonderful and huge.

It had 150 rooms, a restaurant, and a big swimming pool. Swimming in the pool was magic because of the clear water. I liked it very much. The restaurant had delicious food and offered special vegetarian meals for those who don't eat meat.

During my holiday, I met several people. I met a famous diver who talked about adventures under the sea, so I was excited. I also met a young Spanish cyclist who did an interesting presentation at the hotel about Staying Safe. I learned a lot from this presentation like wearing helmets to protect our heads and wearing bright colours while riding the bike. I had a wonderful time on the island, but I felt disappointed when I had to leave. Hopefully, I will go back next summer.

See you soon,

Ali

### Listening 1

1. It was the first time to fly by hot air balloon. I was afraid of falling on the water, but then I felt excited.
2. I am from Thailand. I go to school by tuk-tuk. You can see Tuk Tuk everywhere in Thailand.
3. When I visited Cairo, I used the subway which is a sort of an underground railway.
4. I often spend my holiday with my friend. He has a small canoe. We use paddles to move the boat in the sea.
- 5- We went everywhere on double-decker bus on our last visit to London. Double-decker passengers can have a better view of the city.

### Listening 2:

Dolphins are smart sea animals. They are good swimmers. Dolphins can stay for 15 minutes underwater. They have a blowhole on their head to breathe with. They eat animals like fish, seals and turtles. Dolphins live mostly in oceans and some rivers near the coast. They like riding the waves. They live in groups called "Pods". They work together to find food, protect each other and play. Currently there are 42 dolphin species. The smallest dolphin is 1.2 metres long and weighs 40 kg. The largest dolphin is about 9.5 long metres and weighs 10 tons. The largest dolphin is called Orca. Dolphins are easy to train because they are very smart. They understand humans and they react towards sign language: for example if a man would like a dolphin to jump, he would move his hand upwards, immediately he can see the dolphin jumps. Unfortunately, dolphins are at risk because oceans are being polluted.
