برزنتیشن عُبْتُ عن نفسي":

.I lost myself and lost the deep feeling inside me about many things

!Literally stingy

!I lost myself until I became other than who I was. I am not satisfied with what I have reached, and no miracle is sufficient for me to return there

Years have passed since I did not bloom, years have passed and I am not

...How do you know me

.Years pass on my barren soul, and it does not rain

The loss of my soul is not necessarily the cause of deep sadness, but rather sadness over dreams in the second place, after it occupied priority in my

!..dictionary full of life

I know that it is a period of bitter transition, I know that the things I believed in for a long time betrayed, and that the things that should not leave me, _

!.left me

,I want to get away from everyone for long distances, I urge myself to distance for a long time

.I have always wished to be a child again tonight, just to knock on my mother's door and tell her that I am very afraid and want to hide in her lap

..I am afraid of life

.This world has become frightening, and we live in countries that hide our peace in the pockets of the streets and behind the walls of dreams

!What if I didn't grow up

!I was young, facing life while I was hiding behind a safe wall, but now it was my turn, and I became the wall myself

..I didn't want it to happen..but now..it happened

..I didn't want this life to slap me while I met it with the naivety of children

Now I was able to see it as it should, life is not as you draw it, it is not always nice, life does not give us sweets or beautiful moments, and it does not give

us good people without stealing them from us at any time..! It must be complicated and painful, we must change and fall, but behind this pain there is

.strength, and behind this, the fall with new beginnings

I think I grew up and adults don't cry or knock on their mother's doors in the middle of the night, adults are not afraid of life..! They must unite and show

..their strength in front of everyone

I'm old; But I don't want to be that! I am old and I am afraid of life and of the ghost that hides under the bed. I cry without anyone seeing me. I am old

.and I want someone to tell me a story before I sleep

.Mom, I'm old, that's why I didn't knock on her door in the middle of her sleep
