### The Mobile Phone

The mobile phone is a good technology which has great effects on our lives. Some people, especially young men and women, believe it is the best man has ever had. Yet many people agree that it, like most modern inventions, has its own advantages and disadvantages.

**?What is this paragraph MAINLY about.1**

- .a. Mobile phones have advantages and disadvantages
- .b. People hate mobile phones
- .c. Mobile phones are useless inventions
- .d. The disadvantages of the mobile phone

**Which word of the following mean: something which has never .2  
?been made before**

- a. advantages
- b. effects
- c. inventions
- d. technology

On the one hand, the mobile phone has become popular to everybody since it is very convenient. The most important advantage of having a mobile phone is that you can ,communicate with your family and your friends no matter where you are. For instance you can contact your friends easily by calling or sending messages everywhere without electricity. It is, maybe, the main reason why almost all people today choose to own a mobile phone. From the customer's point of view, it's obvious that mobile phones assist you in business a lot, such as, make timetables of working, surf the internet, and keep in touch with their companies. Moreover, you can relax with mobile phones ..applications, for example, play games, listen to music, or chat with your friends

- a. love
- b. help
- c. change
- d. take

**!Mention two advantages of the mobile phone .4**
