Write an article about (a dream job)

Write an article describing the job. You should include: - what it involves - requirements and qualifications you need - personal qualities and skills you have.

A doctor

Since I was a little child, I have always dreamt to be a doctor. It is my dream job. My dad is a great doctor and I will follow him to become a doctor. I need to study hard at school. Also, I have to get high marks in all subjects. In addition, I need to read about the human body and illnesses. I will study for 5 years at the college. Moreover, I will train after that the hospital. In addition, I should travel abroad to get more experience and to get the master's degree. I know that I have to work hard to achieve my goal.

Mohamed Rasmi 33923708

A doctor

"Imagine a job where you can help people, solve medical problems, and make a difference in the world. This job is being a doctor. It's a job that can be challenging but also very rewarding. Doctors need to be good at problem-solving. They need to understand how the human body works and how to treat illnesses. Knowing about different medical conditions and treatments is important. They also need to be able to work well with others, as they often work in teams with other healthcare professionals. I think I would be good at this job because I love helping people and I enjoy learning about medicine. I've been studying biology and health for the past few years now. I'm good at working with others and I enjoy the challenge of solving medical problems. In short, it's the perfect job for me! My next step is to apply to medical school and see if I can make my dream come true!"

Mohamed Rasmi 33923708

My dream of becoming a nurse

Since I was a child, I wanted to be a nurse. It is my dream job. It is the position of my father who I respect a lot. Nursing needs to study hard and get good grades at school, students should attend a nursing college. They should be kind to people and have communication skills. Nursing is a demanding job. Students should work hard. They must be good nurses as they can work hard and deal with patients.

Mohamed Rasmi 33923708

A policeman

In the future, I want to be a policeman because I want to help people and save their lives. This job is good for me. I will have a good salary. It provides me with many benefits. I will be able to buy a car and a new house. I will work outdoors as I am active a lot, so I hate staying in the closed offices. To do that job, must join the faculty of police. I must be good at English. I am strong and fit. I speak three languages which makes me have good communication skills, so I think I am suitable for this job.

Mohamed Rasmi 33923708

An engineer

"Imagine a job where you can design and build things that make the world a better place. This job is being an engineer. It's a job that can be challenging but also very rewarding.

Engineers need to be good at problem-solving. They need to understand how things work and how to design and build solutions to problems. Knowing about different engineering principles and techniques is important. They also need to be able to work well with others, as they often work in teams on projects.

I think I would be good at this job because I love designing and building things. I've been studying physics and math for the past few years now, which are important for understanding engineering principles. I'm good at working with others and I enjoy the challenge of solving problems and creating new things.

In short, it's the perfect job for me! My next step is to apply to engineering schools and see if I can make my dream come true!"

A software engineer

"Imagine a job where you can create new things, solve problems, and help people. This job is being a software engineer. It's a job that can be challenging but also very rewarding.

Software engineers need to be good at problem-solving. They need to understand how to write code and create software that can do amazing things. Knowing different programming languages is important. They also need to be able to work well with others, as they often work in teams.

I think I would be good at this job because I love solving puzzles and I enjoy coding. I've been learning different programming languages for the past few years now. I'm good at working with others and I enjoy the challenge of creating something new.

In short, it's the perfect job for me! My next step is to reach out to tech companies and see if I can make my dream come true!"

A Pilot

"Think about a job where you can fly planes, see new places, and have fun. This job is being a pilot. It can be hard but also very cool.

Pilots need to be good at solving problems. They need to know how to fly planes and go through different weather. Knowing about different planes and how to find their way is important. They also need to work well with others, as they often work with other crew members.

I think I would be good at this job because I love flying and learning about planes. I've been studying physics and geography, which are important for understanding how to fly. I'm good at working with others and I like the challenge of flying in different conditions.

All in all, it's the perfect job for me! My next step is to go to flight school and see if I can make my dream come true!"
