My mother spends most of her time in the kitchen and my sister sometimes helps her. Last Monday, my mother was frying some fish when she heard the doorbell ringing. She went to open the door and left my sister Amina in the kitchen. She was washing the dishes. It was my father who came back home from work and forgot his keys in the car as he usually does. When my mother returned to the kitchen, she found the oil in the pan burning. My sister was frightened and crying. The kitchen was full of smoke. My father tried to put out the fire quickly. He covered the pan with a big piece of cloth, and then he opened all the windows because there was smoke everywhere. Luckily, we were all safe, but we didn't have any fish for lunch as we always do every Monday.
