Reading

Read the passage and answer the questions . . .

- 1) Transportation is how people travel. People travel to work in many ways. Some walk. Some drive cars. Many use buses. Others take trains. Buses and trains are part of public transportation system. Long ago, people walked to work. Today, billions use public transportation.
- 2) Public transportation is a way everyone can travel. If you look at the transportation map, you will see routes. Those are the ways buses and trains go. People, who planned the routes, looked at where people live and where they want to go. The planned routes help people get to their work daily.
- 3) Bus drivers are the people who work to make the transportation system work. Those drivers need to complete special training. It includes how to maneuver big Buses. They learn how to communicate with the public. Bus drivers face problems every day. For instance, tourists may get on buses and ask questions in foreign languages.
- 4) A train driver is someone who makes sure trains move at a safe speed. There are signals along the track that alert the driver when there is danger. The driver has to respond quickly.
- 5) There are many transportation officials you don't see. They work in offices where they oversee trains and buses. These officials' main job is to keep track of where all trains and buses are. They watch the traffic on computer monitors. There are symbols on the monitors that tell them how much traffic there is on different routes. Officials plan changes in public transportation. The planners may add more buses or change their routes. They can also add more train lines. These officials' work is extremely important because they do their best to help people safely travel to work.

- 1) What is the text MAINLY about?
 - A) number of officials at airports
 - B) non-stop flights among countries
 - C) information about public transportation
 - D) information about the use of private vehicles

- 2) In paragraph 1, how did people get to work long ago?
 - A) They flew.
 - B) They drove.
 - C) They walked.
 - D) They used public transportation.

- 3) In paragraph 3, what is the closest meaning to the underlined word “maneuver”?
 - A) appear
 - B) control
 - C) discover
 - D) get over

- 4) In paragraph 2, what are the routes?

- 5) In paragraph 2, how do the planned routes help people?

- 6) In paragraph 4, what is the point of the signals along the track?

- 7) In paragraph 4, what does a train driver do?

- 8) In paragraph 5, what is the officials’ main job?

- 9) In paragraph 5, why is officials’ work extremely important?

Reading

✚ **Read the passage and answer the questions . . .**

- 1) Bees live in a special place that is called a hive. There are three types of bees: workers, drones, and queens. Only one queen bee can live in each hive. If she is lost or dead, the other bees have to choose another queen.
- 2) Bees are busy little creatures. They build cells of wax to keep their honey. The cells are all of one shape and size. They are not round. They have six sides.
- 3) Bees gather together during work. Each bee takes the right place to do its job. Some bees collect honey from the flowers outside the hive. Others stay at home to work inside the hive.
- 4) Drones do not work in the hive. Before winter comes, workers order drones to leave the hive not to eat the honey which they did not collect.
- 5) It is not safe to get close to bees. Bees have sharp stingers to defend themselves against strangers.
- 6) Bees are always active at work. They help each other finish their work well. We learn the value of teamwork from bees. They are the best in teamwork.

- 1) What is the text **MAINLY** about?
 - A) information about bees
 - B) number of bees in each hive
 - C) amount of honey bees make
 - D) life of bees' queens and workers

- 2) In paragraph 1, what does the underlined word "**hive**" refer to?
 - A) a type of bees
 - B) a bees' house
 - C) a sharp stinger
 - D) a shape of cells

- 3) In paragraph 1, how many queen bees can live in a hive?
 - A) no queen bees
 - B) only a queen bee
 - C) some queen bees
 - D) a couple of queen bees

- 4) In paragraph 1, how many types of bees are there?
 - A) a couple of types
 - B) hundreds of types
 - C) unknown number of types
 - D) just workers, drones, and queens

- 5) In paragraph 2, why do bees build cells of wax?

- 6) In paragraph 3, why do some bees stay inside the hive?

- 7) In paragraph 4, when do workers order drones to leave the hive?

- 8) In paragraph 5, why do bees have sharp stingers?

- 9) In paragraph 6, what do we learn from bees?
