Fahd is one of my best friends. Last summer, he wanted to spend a nice holiday after getting high marks in the exams. First he went with his family to Al-Kkour where they stayed at the new Hilton hotel. The family enjoyed the weather in Al-Khour because it was fine. Every morning the boys went swimming while their parents enjoyed sitting on the beach. In the afternoon they used to have their lunch in the hotel's restaurant. They had delicious meals in that restaurant during their stay. In the evening, they used to go shopping in the malls. They also used to watch a movie in the cinema.

After a few days in Al-Khour, Ali left his family to start the second part of his holiday plan. He went to Hamad Airport to travel to London. When he arrived in London, he found his dearest friend Jack waiting for him in the airport. Fahd was very pleased to see Jack again. During his stay, Fahd saw Big Ben, the famous high tower in London. Big Ben is 96 meters high. Next they directly went to the British Museum where they took a lot of fantastic pictures. Fahd stayed for 15 days in London. In fact it was the best holiday Fahd has ever spent in his life.

1. How did Fahd travel to London?

Directions:**Read the following passage and answer the questions that follow.****Reading 2**

The Himalayas is the highest mountain range ever known in the world. It is also called the land of snow. It is 2400 km long. This mountain range goes across five countries in Asia. These countries are India, Nepal, Bhutan, China and Pakistan. Most of the world's highest mountains, including Mountain Everest, are part of the Himalayas. Some of the big rivers rise in the Himalayas such as the Ganges river and the Indus river.

Extreme weather conditions, high altitudes and the rocky ground make life very difficult for people who live in Himalayas. People living in the Himalayas use simple hand tools and oxen to grow just enough food to live. Many animals and plants cannot survive there because of the extreme weather conditions. Some animals, however, have adapted to the harsh environment.

Like other mountain areas, the Himalayas attract many tourists. 729,550 tourists visited Kathmandu last year. Tourism in the Himalayas is developing in a remarkable way. This tourism provides money for locals, but it also causes many problems as tourists destroy mountain paths and leave tons of rubbish behind.
