A post about an event وصف فعالية

Qatar's Sport Day is on the second Tuesday of February every year. People from all over Qatar gather in the national parks and Doha Corniche to do sports for one day. Last sport day, my friends and I went to Katara in the morning.

There were many activities going on there. I did some of these activities. The best thing I did in Katara was the football match. Our team won the game. In the afternoon, we went to Aspire Park and had fitness classes there.

After that, we had our lunch and went back home. It was a fun day. I learned a lot from this great event.

A post about an event وصف فعالية

I attended many events in the past years. My brother's wedding was the best event. It took place last month. The wedding party was held in a 5-star hotel in Doha.

My father invited all the family members and friends. First, they had some fresh drinks. The big meal time came an hour later. Everything was great the cake, the music and the open buffet. I enjoyed so much. Everyone had lovely pictures with my brother. They gave him valuable presents but the biggest present was from my father. He bought a nice car for my brother.

My brother was the happiest person at the party. My father gave him good advice. I will always remember that party. My brother was like a star in the sky.

A post about an event وصف فعالية

Hi, I'm Hassan. I'm a 15-year-old student and I like sports and photography. I enjoy taking photos of people. last week, I went to a cultural festival with my cousin. It's art and craft festival and it attracts thousands of people. So, I was sure I could take lots of pictures.

I took a lot of pictures of people who were practicing their daily routine like selling and buying goods. I also took an amazing photo of children doing other activities, like flying kites and playing games.

The problem was the festival was too crowded, so I found it is difficult to take some photos. the experience was very exciting. I've uploaded the photos in Instagram, Snapchat and twitter.

You can see them there. Please feel free to say what you think of my work.

A description of a person وصف شخص

The person I admire most is my grandfather. He was a pearl diver in our small village. He learnt all about pearl diving from his grandfather. My grandfather was kind and quiet, but he was cheerful.

My grandfather was also a brave man. Pearl diving was a dangerous that time because divers didn't have the modern equipment that they have today. I learnt a lot about pearl diving from my grandfather.

Today, I am considered one of the best pearl divers. I will always admire my grandfather. I hope to teach my children everything I learnt from him.

The person I admire the most is my brother Omar. He is my elder brother and also my best friend. He is a doctor. I admire him because he is very helpful. He always helps me in my lessons.

He also helps my parents with all the homework like cleaning, going out on his bicycle to buy groceries. He is also a very brave and strong man.

He is never scared of anything, and also takes care of me when I am scared of something like barking dogs on the streets or dark rooms.

He always says that we must face our fears and defeat it. I admire his spirit and wish to be more like him.

Someone I admire is my cousin, Ali. He's five years older than me, so he's 19 now. He lives in Doha. He's very friendly and confident. He's slim and very fit because he's a football player.

He wants to be a professional player. His favorite team is Al Rayan.

His day is very busy because he also studies photography at university. He's a really good photographer. His photos have won many prizes.

Ali doesn't have a lot of free time and he's also trying to learn German because he wants to go to Germany next year. I think Ali is very hard-working. He really deserves to become a professional football player one day.

A description of a person وصف شخص

You might meet a lot of people in your life but there is only one person who has a positive effect in your life. My brother, Ali, who is always there for me when I need him.

Ahmed is the youngest member of the family. He is a student in grade 8. He is kind, and helpful. I can't imagine my life without him. Although, he is still young, I have learnt a lot of things from him.

The most personal trait, he has self-confidence and kindness which make the strangers love him, too. That's why I'm affected by him and that makes him very special to me.
