Reading

Read the following passage and answer the questions below.

(10 marks)

(1) Most of us find our lives becoming a little dull and boring. Boredom can attack our days that's why we need to search for something more interesting every now and then. When we are old, every one of us hopes to look back on their lives and talk about how exciting they were. Change is the spice of life; it improves our experience of it and makes it more enjoyable. Unfortunately, we all have strict timetables that leave us no chance for adventure.

(2) Here are some ways to make your life more interesting. Before anything, greet the dawn and watch the sun rise. Prepare for this moment by picking out a standing point and deciding when the sky in your area will be clear enough to welcome another beautiful day. Bring a friend along. As the sun rises, remind yourself of all the possibilities that a new day holds.

(3) Take a different pathway. Give yourself some extra time to change your routine travels to work or school. Try side streets instead of the freeway. Discover new places and new people and take a mini road trip. Explore new scenes right around the corner. Search the web for nearby points of interest. You don't have to travel far for a healthy change.

(4) Tired of listening to the same old radio programs? Risk it and try new ones. Watching TV is a passive activity. Turn off your TV and make something interesting. Why not actively search out your news and entertainment elsewhere? Read a newspaper, enjoy a play at a nearby theatre. Explore crafts of making simple things of recyclable materials or try reconnecting with a skill you already have like painting for example. Excitement was never expensive, tiring or time consuming.
