Hi, Sara!

How are you? I hope you are fine. I'm writing to tell you about my new hobby. I like reading books. When I read books, I feel extremely relaxed! I started doing it last year and I do it before bedtime.

At the moment, I am reading a novel by Najib Mahfoudh. He is a famous Egyptian writer. Reading is a very interesting hobby.

Write soon and tell me about your hobby.

See you soon.

### A description of admired person **وصف شخص**

Someone I admire is my cousin, Ali. He's five years older than me, so he's 19 now. He lives in Doha. He's very friendly and confident. He's slim and very fit because he's a football player.

He wants to be a professional player. His favorite team is Al Rayan. His day is very busy because he also studies photography at university. He's a really good photographer. His photos have won many prizes.

Ali doesn't have a lot of free time and he's also trying to learn German because he wants to go to Germany next year. I think Ali is very hard-working. He really deserves to become a professional football player one day.

### A person I admire **وصف شخص**

The person I admire the most is my brother Omar. He is my elder brother and also my best friend. He is a doctor. I admire him because he is very helpful. He always helps me in my lessons.

He also helps my parents with all the homework like cleaning, going out on his bicycle to buy groceries. He is also a very brave and strong man.

He is never scared of anything, and also takes care of me when I am scared of something like barking dogs on the streets or dark rooms.

He always says that we must face our fears and defeat it. I admire his spirit and wish to be more like him.
