READING

Reading comprehension

Direction : Read the passage and answer the questions.

- 1) My first piece of advice to people who want to start getting fit is: don't buy an exercise bike. Typically, people who buy them use them for a week or so and then forget about them. Most people will find jogging much easier. Jogging includes running at a slow regular pace usually over a long distance as part of an exercise.
- (2) In jogging, there is one piece of equipment, however, that you will have to spend time and money on, and that's your running shoes. Remember that you are not looking for a fashion item, but for something that will support your feet and protect you from injury. They can be expensive, but if they are good quality, they will last you a long time. It's always best to get expert advice, and the best place for that is a sports shop.
- (3) It's important that you feel comfortable with whatever you do. If you do, you'll start to enjoy it and will probably keep doing it. If it makes you feel uncomfortable, you'll probably stop after a short time and return to your bad habits. In any case, training too hard is not very effective. I think that jogging is the easiest way to exercise

1) Long ago, in a small village in Bu Nakhla, lived a young boy called Ali and his sister Amina. Everyone was afraid of a huge, man-eating bear that lived in a cave in the hills near the village. It had already killed three children, and no one could play outside anymore. The village elders and Ali and Amina's parents forbid them to go outside, except to fetch water from the well, or to gather firewood. All the village children had no playing, no laughter, no games and no fun.

2) Ali and Amina decided to try to kill the bear so that all the children in the village could play in safety. Being a young boy, Ali had a slingshot that he used to hunt birds. Ali had spent many hours practicing with his slingshot and he even taught his sister, Amina how to use it. Ali wanted to go out and play, and practice using his slingshot. The men of the village were all afraid of the bear and scared to go out and find it. Ali decided that he and his sister would go out and hunt the bear themselves.

3) Ali took his slingshot and crept outside. Amina gathered up some small, sharp stones and put them carefully in her pocket. They walked a short distance outside of the village and then they hid behind a large rock and waited patiently for the bear to come out of its cave to look for food.

4) Ali and Amina stepped slowly out from behind the rock and stared up at the huge bear. It was big and mean-looking like a monster. They were both very scared. The bear swiped a great paw at Ali and knocked him skidding across the ground. As he rolled, he hit his head on a rock and was knocked out by the blow, fell unconscious, and dropped his slingshot in the dust.

5) The bear stepped towards Ali ready to attack him. Amina rushed forward and grabbed Ali's slingshot. She loaded a sharp stone, stood bravely in front of Ali and took aim carefully. The bear was coming closer. She waited and waited until he could almost reach her and then she fired. He stepped back howling in pain and Amina sent another stone and then another flying towards his head. The bear groaned, sank to the ground and died. The villagers came and praised Ali and Amina as the bravest children that they had ever known.
