Reading Comprehension:

Directions: Read the passage and answer the questions.

My friend Tim has always loved photography and has asked me a million times to go with him to the forest and take photos of the wildlife there. I've always said no, because the idea of looking at trees all day doesn't seem at all interesting.

Anyway, last week he told me that he wanted to take a photo to enter a competition, and that he needed someone to help him carry his equipment. The journey there wasn't too long, and the forest was a beautiful place to be. After an hour, I was bored but we couldn't leave because Tim needed more time to take a good picture. So, I started playing games on my mobile phone. 'Put that thing away,' Tim said. 'Just enjoy nature.' Shortly after, we started walking again and then, Tim stopped suddenly. He pointed at a tree and said quietly, 'That's a rufous hummingbird. I've never seen one of them before!' Tim put down his bag, got his equipment out and started cleaning the lens of his camera. However, the hummingbird flew from the tree and sat on a flower next to me. I wanted to shout to Tim to quickly take a picture of it, but I knew the hummingbird would fly away.

So, I took a picture with my mobile phone.

When Tim was finally ready, the hummingbird was not there any more and he was very annoyed. He didn't manage to take any good pictures that day but, on our way back to the car, I showed him the picture of the hummingbird on my mobile phone. He couldn't believe it. 'It's perfect!' he said. In the end, we entered my photo into the competition and won second prize in the Nature category.
