# Writing

- Write not less than 15 sentences about lifestyle changes you would like to make.

➤ The following ideas may help you:

- Health/ exercise - education

- Eating habits - work

- Personality - entertainment habits

- Social life

Many people like to change their lifestyle. They would like to change their health as they are very fat. They do a lot of exercise to get fit. They also stop eating fast foods and start eating healthy meals. Other people may want to change their work. They are bored of their work, so they look for a new job.

Some people may find themselves bad at school, so they decide to work harder at school. They try to study their lessons everyday. So, they start to get better marks and become good at school.

Other people need to change their bad habits. If they go to bed late, they want to start going to bed early. This will help them be healthier. Maybe they want to start doing exercising, so they start going to the club to do some sport. In fact, I think we should change our lifestyle if it is not healthy.
