B: \_\_\_\_\_

- A. It was delicious!
- B. I'm free, no problem.
- C. Me too. Thanks a lot.
- D. I will go to the cinema tonight

## Reading

1) "Click!" That's the sound of safety. That's the sound of survival. That's the sound of a seat belt locking in place. Seat belts save lives and that's a fact. That's why I don't drive anywhere until mine is on tight. Choosing to wear your seat belt is as simple as choosing between life and death. Which one do you choose?

2) Think about it. When you're driving in a car, you may be going 130 KMPH or faster. Then somebody ahead of you locks up his or her brakes. Your driver doesn't have time to stop. The car that you are in crashes. Your car was going 130 Km per hour. Now it has suddenly stopped. Your body, however, is still going 130 KMPH. What's going to stop your body? Will it be the windshield or your seat belt? Every time that you get into a car you make that choice. I choose the seat belt.

3) Some people think that seat belts are uncool. They think that seat belts cramp their style, or that seat belts are uncomfortable. To them I say, what's more uncomfortable? Wearing a seat belt or flying through a car windshield? Wearing a seat belt is more comfortable and cooler than the alternatives.

4) Let's just take a closer look at your choices. If you are not wearing your seat belt, you can hop around the car and slide in and out of your seat easily. That sounds like a lot of fun. But you are also more likely to die or suffer serious injuries. If you are wearing a seat belt, you have to stay in your seat. That's no fun. But you are much more likely to walk away unharmed from a car accident. Hmmm... A small pleasure for a serious pain. That's a tough choice. I think that I'll avoid the serious pain.

### 1. What is the main idea of the text?

- A. seat belts aren't safe                      B. seat belts are uncool  
C. most cars don't have seat belts        D. the importance of wearing a seat belt

### 2-What does the underlined word "it" in paragraph two refer to?

- A. your car                      B. the road                      C. your body                      D. the seat belt

### 3 . How simple is wearing a seat belt?

---

### 4. How fast was the car going?

---

### 5. According to paragraph (3) Why do some people think that seat belts are uncool?

---

### 6. According to paragraph (4)What will happen if you are not wearing your seat belt?

---

### 7. What does the writer choose for himself?

---

**Read the following text and answer the questions:**

Water covers most of our planet. It can be found in oceans, lakes, and ponds, and in the ground itself. The human body is 50%- 65% water. This means that someone weighing 70 kg contains around 40 liters of water.

I think, a person can live without food for more than a month, but you can live without water for only one week. To stay healthy, you should drink 8 glasses of water a day or even more if you live in a hot country or do lots of exercises. Remember that when your mouth feels dry, it means you have lost between 6%- 10% of the water in your body. That is **sufficient** to make you unable to see well.

The cycle of water from liquid to vapor to solid is called the water cycle. It is a continuous process without ending or beginning. The cycle of water has three main stages evaporation, condensation and precipitation.

Evaporation when water changes into gas and rises into the sky. Then, it changes into small drops of water to be in the shape of clouds, this transformation process is called condensation. When clouds get heavy enough, the drops of water fall back to the ground in the form of rain, snow, or hail. This is precipitation.

**1- What is the text MAINLY about?**

- A. information about water                      B. dangers of water  
C. water pollution                                D. saving water

**2- According to paragraph (2), what does the underlined word "sufficient" mean?**

- A. enough    B. small  
C. good     D. cold

**3- According to the text, how many glasses of water should a person drink daily to stay healthy?**

-----

**4- According to the writer's opinion, how long can humans live without food?**

-----

**5- What is "Condensation" ?**

-----

## Vocabulary
