In that time he collected a lot of money. He put it in his pocket, but he did no go to the petrol station. It became clear to me that both men were beggars. Then decide what you have to do to achieve your goal .

Some people never reach their goal because they think it is impossible. You should think positively. Don't think " the exam is difficult and I will probably fail it, " instead you should think " The exam is difficult, but I have worked hard and will pass it " . People who think negatively seldom reach their goals, so be positive !.
