Asma and Latifa are best friends. They live in Abha. They are in the 7th grade. But they are in different classrooms. They had a school trip to a museum on Sunday. They arrived at the Museum of Natural History just as it opened. Once inside, their first stop was the dinosaur exhibit. Asma was happy to see the enormous tyrannosaurus skeleton. Next, the two friends watched a movie about Native Saudi pottery. Latifa loved looking at all of the colorful beads, while Asma was fascinated by the arrowheads on display. After lunch, Asma and Latifa entered the planetarium. Asma listened to a lecture about the planets. Latifa studied a diagram of the Solar System.
