Before listening

SG2 U6
Page 50

Open your books to page 48 and look at the web page.
Answer the questions such as the following:

1.What is the subject of the web page? museum exhibits

2.What's the name of the web page? The "What's On?" Museum Guide

3.What does "What's on?" mean? What is happening?

4.What are the four types of museums?
contemporary art, natural history, Islamic heritage, science and technology

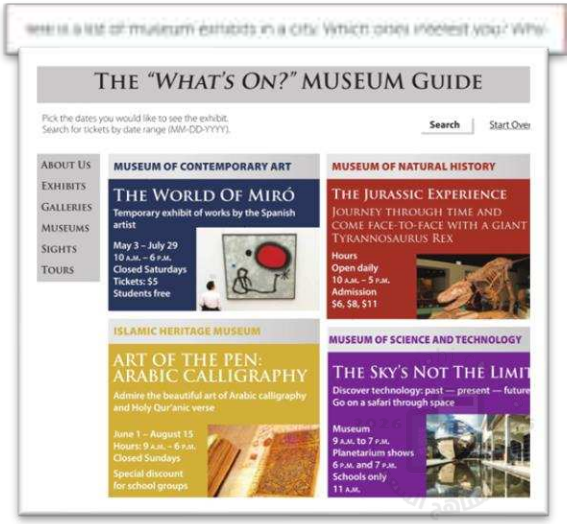

5.Where can you see dinosaurs? Museum of Natural History

6.What country is the artist from? Spain

7.Where can you see calligraphy? Islamic Heritage Museum

8.Where can you learn about space? Museum of Science and Technology

9.Which exhibits are temporary?
The World of Miró, Art of the Pen: Arabic Calligraphy

Museum exhibits

A museum is an institution that cares for (conserves) a collection of artifacts and other objects of artistic, cultural, historical, or scientific importance. Many public museums make these items available for public viewing through exhibits that .

A **museum** is a building in which we see objects of artistic, cultural, historical and scientific interest. These things are kept here for the public. It is a treasure house of great knowledge.

Four reasons to visit a museum

1. Museums make you feel good

a recent study finds that people are happier when they spend money on experiences rather than material purchases. Experiences are shown to create more happiness than material goods

2.Museums make you smarter

The primary role of museums is to engage and educate the community.

3. Museums inspire

Museums provide inspiration through personal connections with visitors. These kinds of personal memories created at museums do not expire.

4.Museums are a great way to spend time with friends and family.

Museums provide a great excuse to spend time with friends and family in a positive way. Personal connections can be made with museums and also with family members during visits.

Looking ahead | Let's talk

Museum of Science and Industry

The Museum of Science and Industry in Chicago is one of the biggest and most exciting museums. It opened in 1933. They say it's one of the top fifteen museums in the world. Lots of students and teachers visit it every year. It's the best place for children because they can learn about lots of things. The museum is about science, technology and medicine. Visitors can find almost everything: machines, inventions, pictures and all kinds of information about the history of humankind. Some popular exhibits are: The Great Train Story, Technology at Sea, Net World and Smart Home.

There are other things you can do at the museum, too. There are restaurants, gift shops and theatres. Performances and events happen almost every day and it's really fun to go and see some of them.

The museum is open every day from 9:30 am to 4 pm. You can buy tickets there but it's easier to book tickets online. Don't miss it!

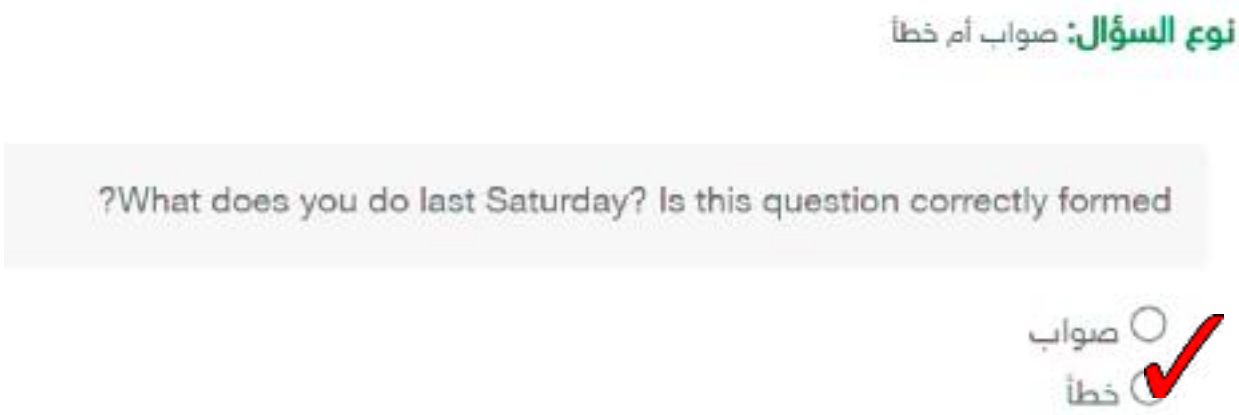

Read the text and write T for True or F for False.

1. The Museum of Science and Industry is the biggest museum in the world. ☐
2. Lots of people visit the museum every year. ☐
3. You can have dinner at the museum. ☐
4. You can visit it on Mondays at 9 am. ☐

2 Pair Work

Teaching Tip

Remember the role of pictures in learning. Some students learn more effectively by relating new vocabulary to pictures. Whenever possible, use pictures to illustrate new vocabulary.

Additional Activity

Have students pretend to have just returned from a dream weekend. Have them describe the weekend. For example: *Last weekend, I took a plane to Hawaii. I went surfing. . .*

fun facts

- What's there to do in your area? In New York City, the top ten tourist attractions are the following: 1. Empire State Building; 2. Statue of Liberty; 3. Grand Central Station; 4.
