Listen to Musa, a professional football player, talking about his career and lifestyle. Write **true** or **false**.

1. T Musa comes from a poor background.
2. F He spends a lot of time with his family.
3. T Musa is proud of playing for his country.
4. T He likes to wear fashionable clothes.
5. T He gives money to help those in need.
6. T Musa doesn't like the media following him.

Football changed my life. It's given me everything I have. For a poor boy from Nigeria, to the stadiums in Holland and Russia, I've come a long way. But a professional football player's life isn't easy. I often train for six to eight hours a day, and when there are major competitions, you sometimes don't see your family for days. The other players become like a second family. We spend a lot of time together.

The competition is tough. There are plenty of good football players out there. And the career of a professional football player is very short. Most professionals usually stop playing before they turn thirty. But there are many benefits, too. For me, the greatest thrill of all is when I play for my country. You can become a hero overnight, especially if you score a goal in a big match.

Of course, I get a lot of money for playing and from advertising. I hardly ever spend any money on clothes and shoes. I get those for free from sponsors. I like to dress well. But I also give quite a lot to charity.

Teaching Tip

Telling students every now and then something personal about you can make the class atmosphere more relaxed. Students will think of you not only as their teacher but someone who, like them, has a life outside of class!

Additional Activity

Have students ask one another about things they *normally*, *usually*, or *occasionally* do at certain times of the day.

For example:

A: What do you occasionally do at 3 o'clock in the afternoon?

B: I occasionally take a nap then.

- According to a 2008 survey by the Organization for Economic Co-operation and Development, South Koreans work the longest hours, with an average of 2,357 hours per year spent at work.
- The second place for working the longest hours is Greece, with an average of 2,052 hours worked per year. The next three countries where people work the hardest are the Czech Republic, Hungary, and Poland.
