Revision Unit 4
Who used my toothpaste ?

1]: Writing : Wb page 116

Write an essay about 5 things that a roommate should know about you :

----- There are some important things that a roommate should know about me. I really enjoy playing chess, painting, and reading. There are things that irritate me. For example, I can't stand it when someone leaves dirty dishes in the sink or borrows my things without asking. I go to bed early, and I get up early, too. My favorite food is Indian, and I love to cook. I clean my room once a week. -----
