Unit 7

Write about a strange coincidence

I was taking a summer English course in London. A student sat next to me in class, and we started a conversation. The student mentioned that his name is Ali. His father's name is Fahd Al Qassim, and he is from Jeddah. When I went home, I phoned my father. I was happy to meet a student from my country. My father surprised me because he knew Ali's father. He is a friend to my father. They are doctors and they work together in a famous hospital. It was the strangest coincidence of my life. Me and Ali are now best friends.

Write about what you are learning to do

Three years ago, I wasn't able to speak English. I was only able to say the alphabet. Now I'm able to speak English and have a conversation. It's fun! I'm still not able to understand every word. But I'm patient. Soon I'll be able to speak fluently. I know I won't be able to speak English exactly like an American because I'll always have an accent. But that's OK. It's still a lot of fun!

Unit 8

Write about why the driving age should be raised to 18 or older

Almost 60% of all car accidents occur more often in the teen age group. Older people tend to be more mature and pay more attention when they drive. Raising the driving age to 20 can benefit younger people. Raising the driving age will also save people's lives. The driving age should be increased to 20 because it gives people advantages to be safe and to drive carefully .

Write a paragraph that describes a good driving instructor

A driving instructor is an important job. A good driving instructor should be calm and should be patient with the driving student. Also, a good driving instructor shouldn't talk on a cell phone in the car. That is not a good example for the student. A good driving instructor must know the driving laws and mustn't break those laws.

Unit 9

Write about your vision for your town

I live in a small town . In the future , I think my town will be bigger . There will be a lot of gardens and green areas . There will be new malls and sports academies . The streets will be better and wider .

Write about your dream job

In the future I want to be a reporter . I think I am a good speaker . I have a strong voice and I like to stand in public and talk . I think this job will be good for me

Unit 10

Write about impolite behavior

One of the most annoying behaviors these days is using your smart phone during meetings or gatherings . Texting or talking on your phone while you are with someone will annoy them , especially if they are family members. When someone is talking to you they want your full attention and not to be confused with something else .

Write about what a roommate should know about you

There are a few things that I would like my roommate to know about me . The first thing is that I like to sleep early before 11 . I like to sleep early and wake up early . Also , I am a quiet person who doesn't like noise . Last thing is that I like to cook and enjoy homemade food , I don't like fast food and unhealthy food .

Unit 11

Write about choices that you have made and their positive or negative consequences

Lately I began to gain a little bit of weight . So I decided to start on a diet . I began my diet 3 months ago . I exercise everyday and do a little jogging . For 3 months now I feel a lot better and lighter , and both my physical and mental health became much better .

Unit 12

Write about culture differences

I went to China 2 months ago . The most popular food there was noodle , but the problem was that there were no spoons or fork . The only thing you can use is chopsticks . I had a hard time at the beginning . It took me 4 days to learn how to use chopsticks probably .
